Shankar A. Yelaja, 1985 *Case Critical* Ben Carniol, 2005 A classic text in social work education. *Case Critical* opens the door on Canada's social services from the perspective of social workers themselves and service users or cases—people whose voices we rarely hear. This completely revised and updated fifth edition includes new interviews and topics of discussion to reinforce Carniol's passionate case for social work as liberation practice. *Africentric Social Work* Delores V.

Mullings, 2021-05-31T00:00:00Z This edited collection focuses on Africentric social work practice, providing invaluable assistance to undergraduate students in developing foundational skills and knowledge to further their understanding of how to initiate and maintain best practices with African Canadians. In social work education and field practice, students will benefit from the depth and breadth of this book's discussions of social health and educational concerns related to Black people across Canada. The book's contributors present a broad spectrum of personal and professional experiences as African Canadian social work practitioners, students, and educators. They address issues that African Canadians confront daily, which social work educators and potential practitioners need to understand to provide racially and culturally relevant services. The book presents students with an invaluable opportunity to develop their practical skills through case studies and critical thinking exercises, with recommendations for how to ethically and culturally engage in African-centred service provision.
