**Ralph Ellison** Lawrence Patrick Jackson,2007 Author intellectual and social critic Ralph Ellison 1914 94 was a pivotal figure in American literature and history and arguably the father of African American modernism Universally acclaimed for his first novel Invisible Man a masterpiece of modern fiction Ellison was recognized with a stunning succession of honors including the 1953 National Book Award Despite his literary accomplishments and political activism however Ellison has received surprisingly sparse treatment from biographers Lawrence Jackson s biography of Ellison the first when it was published in 2002 focuses on the author s early life Powerfully enhanced by rare photographs this work draws from archives literary correspondence and interviews with Ellison s relatives friends and associates Tracing the writer s path from poverty in dust bowl Oklahoma to his rise among the literary elite Jackson explores Ellison s important relationships with other stars particularly Langston Hughes and Richard Wright and examines his previously undocumented involvement in the Socialist Left of the 1930s and 1940s the black radical rights movement of the same period and the League of American Writers The result is a fascinating portrait of a fraternal cadre of important black writers and critics and the singularly complex and intriguing man at its center      **Invisible Man** Jeanne Inness Martin,Jeanne Inness,James L. **The Specter and the Speculative** Mae G. Henderson, Jeanne Scheper, Gene Melton, 2024-05-31 The Specter and the Speculative Afterlives and Archives in the African Diaspora engages in a critical conversation about how historical subjects and historical texts within the African Diaspora are re-fashioned, re-animated, and re-articulated as well as parodied, nostalgized, and defamiliarized to establish an afterlife for African Atlantic identities and narratives. These essays focus on transnational, transdisciplinary, and transhistorical sites of memory and haunting textual, visual, and embodied performances in order to examine how these living archives circulate and imagine anew the meanings of prior narratives liberated from their original context. Individual essays examine how historical and literary performances in addition to film, drama, music, dance, and material culture thus revitalized, transcend, and speak across temporal and spatial boundaries not only to reinstate traditional meanings but also to motivate fresh commentary and critique. Emergent and established scholars representing diverse disciplines and fields of interest specifically engage under-explored themes related to afterlives, archives, and haunting.

The Publishers Weekly, 1924

The Critical Response to Ralph Ellison Robert Butler, 2000-04-30 Ralph Ellison's literary career began in 1937 with the publication of his review of Waters' *Edward Turpin's These Low Grounds*. Over the next 15 years he published 10 short stories and 37 essays on literary, cultural, and political topics. But when *Invisible Man* was published in 1952, Ellison received immediate acclaim from a wide variety of critics, scholars, and novelists. While his novel emerged as a major work of African American literature, it also engaged the European literary tradition and influenced an entire generation of post-World War II writers. Ellison is now one of the most studied African American writers, and the posthumous publication of his second novel, *Juneteenth*, in 1999 has drawn even more attention to his contribution. Through previously published reviews and essays and original material, this book charts the response to Ellison's writings. While the bulk of the volume focuses on *Invisible Man*, the book also includes sections devoted to Ellison's short fiction and nonfiction, as well as posthumous estimates of his work. A chronology highlights the most important events in his life and career, while an introductory essay overviews the broad trends in Ellison scholarship. The volume concludes with a selected bibliography of primary and secondary works.
