Islam as Devotion Ralf K. Wüstenberg, 2019-07-05 How is it that Islam is so feared and misunderstood among Christians Is there any possibility of an open dialogue between Muslims and Christians that will lead to a greater understanding of both Ralf K Wüstenberg explores these and other questions in an in depth investigation of Islam using as his guide the teachings of the revered Muslim scholar Al Ghazali and placing them in dialogue with those of the protestant theologian and Reformer John Calvin The journey of discovery offered in this book is of long lasting value to both Christians and Muslims as they seek to find common ground in understanding the most important and basic tenets of each other's faith

Arvo Pärt Peter C. Bouteneff, Jeffers Engelhardt, Robert Saler, 2020-12-01 Scholarly writing on the music of Arvo Pärt is situated primarily in the fields of musicology cultural and media studies and more recently in terms of theology spirituality Arvo Pärt *Sounding the Sacred* focuses on the representational dimensions of Pärt's music including the trope of silence writing and listening past the fact that its storied effects and affects are carried first and foremost as vibrations through air impressing themselves on the human body In response this ambitiously interdisciplinary volume asks What of sound and materiality as embodiments of the sacred as historically specific artifacts and as elements of creation deeply linked to the human sensorium in Pärt studies In taking up these questions the book de Platonicizes Pärt studies by demystifying the notion of a single Pärt sound It offers innovative critical analyses of the historical contexts of Pärt's experimentation medievalism and diverse creative work it re-sounds the acoustic theological and representational grounds of silence in Pärt's music it listens with critical openness to the intersections of theology sacred texts and spirituality in Pärt's music and it positions sensing performing bodies at the center of musical experience Building on the conventional score biography and media based approaches this volume reframes Pärt studies around the materiality of sound its sacredness and its embodied resonances within secular spaces

Sexuality and Islamic Spirituality in Early Malay Writings Maznah Mohamad, Syahirah Rasheed, 2025-07-24 It is argued here that before the extensive formalization of sharia laws from the late nineteenth century onwards Islam was prominently influenced by elements of enchantment and mysticism mirrored in its textual portrayal of passionate and sexual relations This book's analysis is based on Malay manuscripts and texts about the

body sex and sexuality These include religious guidebooks on sexual techniques and etiquette of which some are translated from the original Arabic or Persian but almost all of which have been adapted for local Malay relevance Also analyzed are collections of Malay erotic poetry from the sixteenth to nineteenth centuries and the only known female authored early twentieth century text on sex and women s sexual pleasure Over the centuries changing sexual norms and attitudes in the Malay world has disengaged sex and sexuality from being a crucial component of faith and spirituality gradually receding into the discreet margins of contemporary discourse on gender relations

The Struggle of Human Existence Mona Siddiqui,2021-03-04 The first comparative work to explore how humankind seek out the meaning of life amid suffering and struggle

Voices from the Mountains Andrew D. Mayes,2021-10-18 In the shifting sands of today s uncertain world where traditional paradigms are fragmenting and everything seems in a state of flux the biblical mountains endure as unshakable and steadfast In their caves and canyons linger ancient voices that can startle us into new insights and awaken in us new ways of seeing the world and ourselves In this book we go on a quest to locate the ancient voices of those who actually lived in these mountains who knew both the physical contours and spiritual secrets of the summits and who long pondered their mysteries We will rediscover texts and fragments that have been long forgotten in the West The pandemic has filled the world with uncertainty and fear We will discover wisdom and insights that are strikingly relevant to this unfolding world crisis and that speak with an uncanny directness to our situation But the wisdom here is timeless and enduring and readers will benefit from these ancient voices in all generations and in all sorts of circumstances This book is not so much an anthology of forgotten voices as a sourcebook of spirituality and a guidebook for the spiritual adventure

Nicholas of Cusa and Islam Ian Christopher Levy,Rita George-Tvrtković,Donald Duclow,2014-06-26 To explore Christian Muslim relations at the dawn of the modern age this book examines Nicholas of Cusa s seminal works on the Qur an and world religions It also considers Muslim responses to Christianity and other Christian writings on Islam

The Sufis of Britain Ron Geaves,2000 Much of the literature in the field of Islamic Studies concentrates on the contemporary ideological reform movement Sufism is usually perceived as an historical phenomenon and the literature focuses on the teachings of long dead masters However there is a strong case to argue that the dominant mode of Muslim belief and practice is still highly influenced by the Sufi tradition Sufi orders are still flourishing in most parts of the Muslim world Rural Muslims if not actually practising Sufis often focus their religious life around veneration to deceased saints from the various Sufi orders This text explores the prevalence of the Sufi tradition in Britain The migration process had brought Muslims to Britain from all over the world Most of the major tariqas are present in this country and flourishing
