Rowling. ENGLISH DESCRIPTION Sophie Duquet doesn't understand what's happening to her; she keeps losing things; she is constantly forgetting situations; she's detained by the police in a supermarket for petty theft that she doesn't remember having committed. And the bodies start piling up around her. We can't reveal any more about this thriller or we'd spoil the chilling pleasure of reading it and the reader's addictive search for the truth. Mirror of our Sorrows Pierre Lemaitre, 2023-02-02 Tremendous and enjoyable. La Libre Belgique. A great success. La Croix, April 1940. Louise Belmont runs naked down the boulevard du Montparnasse. To understand the traumatic scene she has just witnessed, she will have to plunge headlong into the madness of the Phoney War as France, seized by the panic of a new European conflict, descends into chaos. Louise navigates this period of enormous upheaval in parallel with her fellow citizens, including Maginot Line conscripts Raoul and Gabriel, bistro owner Monsieur Jules, and confidence trickster D. Sir Migault. The looming threat of German occupation uncovers long-buried secrets and makes for strange bedfellows as one extraordinary twist of fate follows another. With characteristic wit and verve, Pierre Lemaitre chronicles the fall of a nation crushed by circumstance. The final novel in his award-winning trilogy is an incandescent tale that veers from the tragic to the burlesque. Translated from the French by Frank Wynne. Irene Pierre Lemaitre, 2014-12-09 Camille Verhoeven, whose diminutive stature belies his fierce intensity, has reached an unusually contented place in life; he is respected by his colleagues, and he and his lovely wife Irene are expecting their first child. But when a new murder case hits his desk—a double torture homicide that's so extreme that even the most seasoned officers are horrified—Verhoeven is overcome with a sense of foreboding. As links emerge between the bloody set piece and at least one past unsolved murder, it becomes clear that a calculating serial killer is at work. The press has a field day, taking particular pleasure in putting Verhoeven under the media spotlight and revealing uncomfortable details of his personal life. Then Verhoeven makes a breakthrough discovery: the murders are modeled after the exploits of serial killers from classic works of crime fiction. The double murder was an exquisitely detailed replication of a scene from Bret Easton Ellis's *American Psycho*, and one of the linked cold cases was a faithful homage to James Ellroy's *The Black Dahlia*. The media circus reaches a fever pitch when the modus operandi of the killer, dubbed *The Novelist*, is revealed. Worse, *The Novelist* has taken to writing taunting letters to the police, emphasizing that he will stop leaving any clues behind unless Verhoeven remains on the case. For reasons known only to the killer, the case has become personal. With more literature-inspired murders surfacing, Verhoeven enlists the help of an eccentric bookseller and a professor specializing in crime fiction to try to anticipate his adversary's next move. Then Irene is kidnapped. With time running out, Verhoeven realizes that all along he's been the unwitting dupe in *The Novelist's* plans to create an original work of his own. Now the only person in the world the commandant truly cares for is in danger, and a happy ending seems less and less likely as it becomes clear
