Martin Harmon, 2019-08-21 Throughout the history of the United States only nine men were elevated to the White House by the death or failure of a sitting president and their legacies are as mixed as their circumstances This book evaluates the similarities and distinct differences of these men their varying degrees of ambition and readiness and how each handled their suddenly enormous duties Some became presidential legends while others are counted among the worst Their shared stories shed light on America's political development during the last two centuries School Library Journal, 1996 Franklin D. Roosevelt Karen Bornemann Spies, 1999 Franklin Delano Roosevelt was the only American president ever elected to four terms During his twelve years in office he unburdened Americans from the economic hardships of the Great Depression and guided them through World War II His successful leadership through these two crises and his own personal victory over polio have insured FDR a place as one of America's greatest presidents **Unlikely Heroes** Derek Leebaert, 2023-02-28 Masterful The Guardian Propulsive The Wall Street Journal Leebaert has done the near impossible crafted a fresh and challenging portrait of the man and his inner circle Richard Norton Smith author of *An Uncommon Man* former director of the Hoover Eisenhower Reagan and Ford presidential libraries A fascinating and absorbing analysis of FDR's brilliantly chosen team of four courageous and creative men and women Susan Dunn author of *1940 FDR Willkie Lindbergh Hitler the Election Amid the Storm* Massachusetts Professor of Humanities Williams College Drawing on new materials *Unlikely Heroes* constructs an entirely fresh understanding of FDR and his presidency by spotlighting the powerful equally wounded figures whom he raised up to confront the Depression then to beat the Axis Only four people served at the top echelon of President Franklin Roosevelt's Administration from the frightening early months of spring 1933 until he died in April 1945 on the cusp of wartime victory These lieutenants composed the tough constrictive long term core of government They built the great institutions being

raised against the Depression implemented the New Deal and they were pivotal to winning World War II Yet in their different ways each was as wounded as the polio stricken titan Harry Hopkins Harold Ickes Frances Perkins and Henry Wallace were also strange outsiders Up to 1933 none would ever have been considered for high office Still each became a world figure and it would have been exceedingly difficult for Roosevelt to transform the nation without them By examining the lives of these four a very different picture emerges of how Americans saved their democracy and rescued civilization overseas Many of the dangers that they all overcame are troublingly like those America faces today The Unfinished Nation Alan Brinkley,2000
