# Official Solutions

MAA American Mathematics Competitions

75th Annual

# AMC 12 B

Tuesday, November 14, 2023

This official solutions booklet gives at least one solution for each problem on this year's competition and shows that all problems can be solved without the use of a calculator. When more than one solution is provided, this is done to illustrate a significant contrast in methods. These solutions are by no means the only ones possible, nor are they necessarily superior to others the reader may devise.

Teachers are encouraged to share copies of the problem booklet and official solutions with their students for educational purposes. All problems should be credited to the MAA AMC (for example, "2017 AMC 12 B, Problem #21"). The publication, reproduction, or communication of the competition's problems or solutions for revenue-generating purposes requires written permission from the Mathematical Association of America (MAA).

Questions and comments about this competition should be sent to  
[amcinfo@maa.org](mailto:amcinfo@maa.org)  
or

MAA American Mathematics Competitions  
P.O. Box 471  
Annapolis Junction, MD 20701.

The problems and solutions for this AMC 12 B were prepared by the  
MAA AMC 10/12 Editorial Board under the direction of  
Gary Gordon and Carl Yerger, co-Editors-in-Chief.
