Herman Hesse Demian Edition English:

Demian Hermann Hesse, 2000-12-18 A friend's mother war and newly discovered self respect draw a young man toward his psychological awakening

The Oxford Guide to Literature in English Translation Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available

Antiquarian Bookman, 1962 *Hermann Hesse's Global Impact* Oscar Von Seth, 2024 A timely collection of new essays arguing for the continuing relevance and impact of Hesse's works around the world Hermann Hesse remains one of the great figures of world literature He is the world's 35th most translated author with more than 1 500 translations of his works currently listed on UNESCO's Index Translatorium Our understanding of the reciprocal transcultural reception of literature has been radically transformed in the last two decades starting with David Damrosch's *What is World Literature* 2003 Meanwhile some forty years have passed since Martin Pfeifer's anthology *Hermann Hesse's weltweite Wirkung Hermann Hesse's Worldwide Impact* was published which means it is time to consider Hesse's global impact again though not in terms of a country by country study Rather this book explores Hesse's continuing global relevance more broadly Hesse is global in the sense that his themes touch on the non-material side of human existence in a way that readers in different cultural communities respond to His prose and poetry offer an oasis of calm authenticity and spirituality a mental terrain of profound and genuine meaning The present collection of new essays argues that this spiritual capital may help readers of Hesse in uncertain times beyond the doctrines of organized religions or ideologies assisting them in inhabiting creatively both the world of literature and the visceral world of the early 21st century Edited by Ingo Cornils and Neale Cunningham Contributors Flavia Arzeni Zhan Chunhua Thomas Cyron Helga Esselborn Krumbiegel Carina Gröner Karl Josef Kuschel Thomas Taro Lennerfors Volker Michels Christopher Newton Shrikant Arun Pathak John Pizer Adam Roberts Oscar von Seth Christiane Schönfeld Laszlo V Szabo Girishsha Ameya Tilak Jennifer Walker Yoichi Yamamoto Michal Zawadzki

Hermann Hesse's Fictions of the Self Eugene L. Stelzig, 2014-07-14 This masterful synthesis of criticism and biography surveys all of Hermann Hesse's major works and many of his minor ones in relation to the intricate psychological design of his entire life history Eugene Stelzig examines what it means to be an autobiographical writer by considering Hesse's fictions of the self as an exemplary instance of the relationship between life and art and between biography and autobiography In a graceful and inviting style he frees this major confessional writer from the confines of German culture and the status of cult figure of the 1960s and situates him in the tradition of world literature and

in a variety of literary psychological philosophical and religious contexts Three introductory chapters on autobiography and Hesse set the stage for a chronological study Then follows a penetrating analysis of the balance between biographical fact and confessional fantasy in Hesse s long career from the failed autobiography of his first literary success *Beneath the Wheel* through the protracted midlife crisis of the grotesque *Steppenwolf* period to the visionary autobiography of his magisterial fictional finale *The Glass Bead Game* Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Demian Hermann Hesse, Stanley Appelbaum, 2002-01-01 A friend s mother war and newly discovered self respect draw a young man toward his psychological awakening

The British Library General Catalogue of Printed Books 1976 to 1982 British Library, 1983

Republic of Noise Diana Senechal, 2012 In this book Diana Senechal confronts a culture that has come to depend on instant updates and communication at the expense of solitude Schools today emphasize rapid group work and fragmented activity not the thoughtful study of complex subjects The Internet offers contact with others throughout the day and night we lose the ability to be apart even in our minds Yet solitude plays an essential role in literature education democracy relationships and matters of conscience Throughout its analyses and argument the book calls not for drastic changes but for a subtle shift an attitude that honors solitude without descending into dogma Provided by publisher
