Begin the Begin Robert Dean Lurie, 2019-05-14 Robert Dean Lurie's biography is the first completely researched and written since R E M disbanded in 2011. It offers by far the most detailed account of their formative years, the early lives of the band members, their first encounters with one another, their legendary debut show touring out of the back of a van, initial recordings, their shrewdly paced rise to fame. The people and places of the South are crucial to the R E M story in ways much more complex and interesting than have been presented thus far, says Lurie, who explores the myriad ways in which the band's adopted hometown of Athens, Georgia, and the South in general have shaped its members and the character and style of their art. The South is more than the background to this story; it plays a major role, the creative ferment that erupted in Athens and gripped many of its young inhabitants in the late 70s and early 80s, drew on regional traditions of outsider art and general cultural out-there-ness, and gave rise to a free-spirited music scene that produced the B 52's and Pylon and laid the ground for R E M's subsequent breakout success. Lurie has tracked down and interviewed numerous figures in the band's history who were under-represented in or even absent from earlier biographies, and they contribute previously undocumented stories as well as casting a fresh light on the familiar narrative.

Popular Music and Multimodal Critical Discourse Studies Lyndon C. S. Way, 2017-12-28 Popular music has long been used to entertain, provoke, challenge, and liberate, but also to oppress and control. Can popular music be political? What types of popular music work best with politics? How can songs, videos, concerts, or any other musical commodity convey ideas about power, politics, and identity? Using Multimodal Critical Discourse Studies (MCDS), this book reveals the deeply political role played by popular music. Lyndon Way demonstrates how MCDS can provide important and timely insights on the political nature of popular music due to its focus on how communication takes place, as well as its interest in discourse and how ideologies are naturalised and legitimised. The book considers the example of contemporary Turkish society with its complex and deep ideological divisions, increasingly obvious under the stewardship of President Recep Tayyip Erdogan and his centre-right political party in power since 2002. It looks at how the authorities seek to harness and control popular music and considers a wide range of popular music genres, including rock, rap, protest, and folk music. It shows how official promotional videos, protest cut-and-paste offerings, party political election songs, live music events, and internet discussions about popular music emerge as sites of power and resistance in certain venues and particularly across social media. Throughout the book, Lyndon Way shows that popular music is also deeply political.
