Power And Everyday Practices :

Power and Everyday Practices, Second Edition Deborah Brock, Aryn Martin, Rebecca Raby, Mark Thomas, 2019-08-22
This unique and innovative text provides undergraduate students with tools to think sociologically through the lens of everyday life. Normative social organization and taken-for-granted beliefs and actions are exposed as key mechanisms of power and social inequality in western societies today. By unpacking the centre, students are encouraged to turn their social worlds inside out and explore alternatives to the dominant social order. The text is divided into three parts. In Part One, students learn how to use theory and methodology which are blended seamlessly throughout the text. It shows how to position Michel Foucault as a companion to theorists such as Karl Marx and Stuart Hall while signaling the importance of non-western and Indigenous knowledges, experiences, and rights. In Part Two, students explore and challenge normativity: the normal body, heterosexuality, whiteness, the two-gender system, aging, and the under side of citizenship. In Part Three, shorter chapters critique everyday practices such as thinking scientifically, practicing self-help, going shopping, managing money, buying coffee, being a tourist, and marginalizing Indigeneity. Each chapter includes intriguing exercises, study questions, and key terms that link to the volume's comprehensive glossary. Instructors are provided PowerPoint slides, test banks, and multimodal supplementary resources that make the book adaptable to blended and online learning environments. Essay-style lectures are also available to accompany the textbook.

Power and Everyday Practices, Second Edition Deborah Rose Brock, 2019. Rather than view social inequality as a problem for marginalized populations, *Power and Everyday Practices* turns the spotlight on the ways power and privilege are produced and reproduced in our everyday worlds.

[Women, Television and Everyday Life in Korea](#) Youna Kim, 2012-07-26. Fusing audience research and ethnography, the book presents a compelling account of women's changing lives and identities in relation to the impact of the most popular media culture in everyday life: television. Within the historically specific social conditions of Korean modernity, Youna Kim analyzes how Korean women of varying age and class group cope with the new environment of changing economical structure and social relations. The book argues that television is an important resource for women, stimulating them to research their own lives and identities. Youna Kim reveals Korean women as creative, energetic, and critical audiences in their responses to evolving modernity and the impact of the West. Based on original empirical research, the book explores the hopes, aspirations, frustrations, and dilemmas of Korean women as they try to cope with life beyond traditional grounds. Going beyond the traditional Anglo-American view of media and culture, this text will appeal to students and scholars of both Korean area studies and media and communications studies.
