The Circular Economy and Institutional Change Yilmaz Kaplan, 2025-11-05 The climate crisis has emerged as a consequence of the linear economic system that developed in the aftermath of the Industrial Revolution In recent years global actors have recognised the need for institutional change from the linear economy to a more sustainable alternative The circular economy This book analyses the potential for transformative institutional change to a circular economy both in theory and in practice At the theoretical level the book evaluates the feasibility of transitioning from a linear economy system to a circular economy by drawing on the principles of New Institutionalism It thoroughly examines the key parameters of institutional change focusing on the role of actors and new ideas within the institutional change process Building upon this theoretical framework the book then delves into the practical implementations of key actors It first explores the role of the state and the market as crucial institutional actors referencing the historical debate between these two entities Additionally the book critically assesses the agenda setting power of influential international organisations specifically the United Nations and the World Trade Organization in driving a circular institutional change Furthermore it analyses the circular economy policies of influential global actors such as the European Union China Japan and the USA Aligned with these analyses the book also

examines the potential of a circular institutional change to bring about a paradigm shift from the prevailing industrial and consumer centric society to an ecologically oriented society This book is invaluable for readers interested in the circular economy new institutionalism the impacts of climate change and alternative economic policy

Pathways for Irregular Forces in Southeast Asia Atsushi Yasutomi, Rosalie Arcala Hall, Saya Kiba, 2022-03-30 An exploration of the roles that pro and anti government militias private armed groups vigilantes and gangs play in local communities in the new democracies of Southeast Asia Scholars have typically characterized irregular forces as spoilers and infiltrators in post conflict peacebuilding processes The contributors to this book challenge this conventional understanding of irregular forces in Southeast Asia demonstrating that they often attract solid support from civilians and can be major contributors to the building of local security a process by which local residents in the absence of an effective police force develop partner or are at least included in the management of community crimes and other violence They analyze irregular forces dealings with political actors at the community level explaining why and how forces are incorporated in and collaborate with legitimate institutions without using violence against them Offering a new approach to dealing with irregular forces in Southeast Asia contributors explore new theoretical frameworks that are better suited for evaluating irregular forces relationship to different security providers and the political environments in the region Specifically they examine case studies from Indonesia Timor Leste the Philippines and Thailand A valuable resource for researchers students and practitioners in the areas of conflict resolution peacebuilding and security governance especially those with a focus on Southeast Asia This book will also be of great interest to scholars of the sociology and anthropology of the region
