### Paragraph & Passage Comprehension

- **Paragraph types:**
  - **Expository:** Explains, describes, or informs.
  - **Technical:** Gives directions or instructions about a specific subject (e.g., instructions on how to put something together).
  - **Narrative:** Tells a story.
  - **Persuasive:** Persuades or convinces.
- **Important terms:**
  - **Topic:** The general subject of the paragraph or passage.
  - **Main idea:** The purpose of the paragraph or passage.
  - **Supporting details:** Used to explain or illustrate the main idea.
  - **Themes:** Central ideas or concepts that are explored by the paragraph or passage.
  - **Context:** The set of circumstances or facts that surround a particular event or situation.
- **Author purpose (four types):**
  - **Persuade:** Convince the reader to agree with the author (e.g., sales letters, campaign speeches).
  - **Inform:** Give information or enlighten (e.g., instructions, directions, teaching materials).
  - **Entertain:** Amuse readers (e.g., novel, short story, poem, play).
  - **Express:** Share thoughts or feelings (e.g., journal entries).
- **Text structure:**
  - **Cause and effect:** The cause is why something happened, the effect is what actually happened.

EC: I won't allow my kids to use social media unless they give me their passwords. They think I'm just being nosy, but they don't realize that I'm trying to protect them from online predators.

In this example, the effect is that the kids can't use social media unless they give the parent their password. The cause is online predators.

• **Chronological:** The events in the passage happen in the order they occur.

EC: I met my husband while we were still in high school. After we both finished college, we got married. Then we both got jobs and worked for two years before starting a family.

Here is the chronological order of the events: (1) met husband, (2) went to college, (3) got jobs, and (4) started a family.

• **Compare and contrast:** To compare means that you are looking for similarities between two or more things; to contrast means that you are looking for differences.

EC: The Notebook and Romeo and Juliet are both love stories. In both stories, two young people fall in love, and their parents don't approve of their unions. In Romeo and Juliet, the two lovers die young by their own hands.

so that they can be together. In *The Notebook*, the couple grows old together, then will themselves to die at the same time so that they, too, can be together forever. When comparing and contrasting the two stories, this passage notes that the similarities (young people fall in love, parents don't approve, they die together) and differences (one couple dies young, while the other grows old; one couple dies by their own hands, while the other will themselves to die together).

• **Order of importance:** Ideas are expressed in order of priority (from most important to least important or vice versa).

EC: The first thing I need to do today is finish my article that's due tomorrow morning. Then I need to schedule an interview, after which I need to work on my large project that's due next week.

The projects are listed in order of priority from most important to least. Finishing the article is the top priority, followed by scheduling the interview, then working on the project that is due next week.

• **Problem and solution:** The paragraph or passage presents a problem, and then offers a solution to the problem.

EC: Several people in my office have recently come down with the flu. Many of these illnesses could be prevented if people would get the shots before they get the flu and would stay home when they are sick.

The problem is that people in the office are coming down with the flu. The solution is for people to get the shots and to stay home when they are sick.

• **Sequence:** The paragraph or passage describes the steps in a process in the order that they occur.

EC: When making peanut butter fudge, first mix the sugar and milk, and then boil the mixture in a soft ball stage. Next, add the peanut butter, butter, and vanilla. Then stir and pour the hot fudge into a buttered pan.

The sequence is mix, boil, add, stir, and pour.

• **Descriptive:** The paragraph or passage provides the reader with a mental picture of what is occurring and what the writer is seeing, hearing, or feeling.

EC: When you walk through my front door, you will see my dining room on the left and my office on the right. As you walk farther into the entryway, you will see the kitchen, which opens up to the living room. From the living room, there is a door to the master bedroom on the right and a hallway on the left that leads to a bathroom and the other bedrooms.

This paragraph describes the layout of the author's house.

### Informational Source Comprehension

**Reading labels:** Many products come with labels. This portion of the test will require you to read labels and pick out pertinent information.
