Alberto Kalach:

Alberto Kalach: Work Miquel Adrià, 2022-03 A comprehensive introduction to the work and vision of one of Mexico's most acclaimed contemporary architects Mexican architect Alberto Kalach born 1960 founded Taller de Arquitectura X TAX in 1981 and for more than 35 years the firm's work has produced a wide range of projects from private commissions to public buildings from solutions for confined spaces to urban planning problems The scale of the commission may vary but the approach remains the same always driven by a sense of curiosity and experimentation TAX describes itself as somewhere between a lab a greenhouse and learning team Rather than adhering to a specific style TAX's constancy is methodological and conceptual allowing the studio to be prolific versatile and consistent simultaneously The studio's work has long been motivated by Kalach's concerns about and research into the particular challenges and problems of his native Mexico City To this end he has designed a minimalist house that can be built for 5 000 the largest public library in Latin America and an ambitious proposed plan to restore Mexico City's ancient lakes which remains unrealized Alberto Kalach Work is an extensive compilation of more than 100 of TAX's built and unbuilt projects Illustrated with architectural photographs by Iwan Baan and Jaime Navarro as well as Kalach's personal diagrams and drawings this volume introduces readers to the work and vision of one of Mexico's most acclaimed contemporary architects *Modern Architecture in Latin America* Luis E.

Carranza, Fernando Luiz Lara, 2015-01-05 *Modern Architecture in Latin America* Art Technology and Utopia is an introductory text on the issues polemics and works that represent the complex processes of political economic and cultural modernization in the twentieth century The number and types of projects varied greatly from country to country but as a whole the region produced a significant body of architecture that has never before been presented in a single volume in any language *Modern Architecture in Latin America* is the first comprehensive history of this important production Designed as a survey and focused on key examples paradigms arranged chronologically from 1903 to 2003 this volume covers a myriad of countries historical social and political conditions and projects developments that range from small houses to urban plans to architectural movements The book is structured so that it can be read in a variety of ways as a historically developed narrative of modern architecture in Latin America as a country specific chronology or as a treatment of traditions centered on issues of art technology or utopia This structure allows readers to see the development of multiple and parallel branches historical strands of architecture and at times their interconnections across countries The authors provide a critical evaluation of the movements presented in relationship to their overall goals and architectural transformations **The**

Making of Mexican Modernist Architecture Celia Esther Arredondo Zambrano, 2023-05-03 This book presents the making of Mexican Modernist architecture through five power structures academic social status economic political gender and postcolonial and by interviews and analysis of 13 key Mexican architects These include Luis Barrag n Jos Villagr n Garc a Juan O Gorman Pedro Ram rez V zquez Agust n Hern ndez Abraham Zabludovsky Carlos Mijares Ricardo Legorreta Juan Jos

D az Infante Enrique Norton Alberto Kalach Javier Sordo Madaleno and Clara de Buen Although the five power structures framed what was built the testimony of these Mexican architects helps us to recognize and discover subtleties and nuances Their views thereby shed light on what contributed to making Mexican Modernist architecture so distinctive globally Even if these architects were not always aware of the power structures their projects nonetheless supported discrimination marginalization and subjugation In that sense the book also reveals the extent to which these power structures are still present today The Making of Mexican Modernist Architecture s uniqueness lies in uncovering the remarkable buildings that arose amid the five power structures while at the same time questioning their validity It also voices the urgent need today for a new kind of architecture outside these boundaries The book is essential reading for anyone studying Mexican and Latin American architecture *Encyclopedia of Twentieth Century Architecture* R.
