

score a point after a deuce, the game returns to 40-40 again.

The score "LOVE" means zero. If a game has the score 30-love, it means the score is 30 to zero. Nobody knows why the term "love" is used in tennis, but it is generally believed to have originated from the French word "l'ouve," which means "egg." An egg is round like a circle, hence its association with a zero.

A SET means that one side or player has won six games. The winner of the set must win by two games. A MATCH means that two out of three sets have been won.

PLAYING TECHNIQUES

THE SERVE

There are four types of serves in tennis: the flat serve, the slice serve, the kick serve and the American twist. While the slice is the most common and effective serve, all four types of serves demand a controlled toss and good follow-through.

To execute the serve properly, the player raises the racquet back to a point where it reaches over his or her right shoulder. The player's elbow is kept straight in the air. The proper stance is straight, not bent at the waist. The ball is then tossed up into the air. As the ball comes down, the server moves forward and strikes the ball with the racquet, driving it over the net toward the other player or players.

FOREHAND DRIVE

This move is one of the two main strokes used for returning the ball after one bounce. When the ball approaches the player's racquet-hand side, the forehand drive is used—basically, as a way of blocking the ball. The wrist maintains a firm position and keeps the racquet face open. All contact with the ball should take place in front of the player's body.
