- The file tab
- Ribbon tabs
- Groups
- Dialog box launcher

QNo. 2. What is Paragraph? Explain about Paragraph marks, Soft paragraph (line break) marks. Write the paragraphs and do following.

There are different types of computer systems nowadays for different purpose according to the user needs. However we can classify them into different groups based on different aspects. We can find four different type of computers based on size. These are large computers that are most powerful. They can complete tasks very soon and are optimized to complete given tasks quickly. Mainframe Computers. These are the largest computers and can support hundreds of users simultaneously. These are powerful computers and optimized to run maximum number of applications at one time. These are medium sized computers –smaller than mainframe but much larger than personal computers. They can be the best solution for medium scale organizations. Micro Computers. Micro computers are the smallest when size is concerned. They range from Desktop, Laptop up to the palm top and even smaller ones. Because micro computers are developed to support single person, they are often called personal computers (PCs).

- Divide 4 paragraph for the above text and justify Alignment.
- Make Drop Cap the first letter of the second paragraph.
