beyond our shores And he grapples with the role that faith plays in a democracy where it is vital and where it must never intrude Underlying his stories is a vigorous search for connection the foundation for a radically hopeful political consensus Only by returning to the principles that gave birth to our Constitution Obama says can Americans repair a political process that is broken and restore to working order a government that has fallen dangerously out of touch with millions of ordinary Americans Those Americans are out there he writes waiting for Republicans and Democrats to catch up with them
