The Language Of Creation:

    The Language of Creation Matthieu Pageau,2018-05-29 The Language of Creation is a commentary on the primeval stories from the book of Genesis It is often difficult to recognize the spiritual wisdom contained in these narratives because the current scientific worldview is deeply rooted in materialism Therefore instead of looking at these stories through the lens of modern academic disciplines such as sociology psychology or the physical sciences this commentary attempts to interpret the Bible from its own cosmological perspective By contemplating the ancient biblical model of the universe The Language of Creation demonstrates why these stories are foundational to western science and civilization It rediscovers the archaic cosmic patterns of heaven earth time and space and sees them repeated at different levels of reality These fractal like structures are first encountered in the narrative of creation and then in the stories of the Garden of Eden Cain and Abel and the flood The same patterns are also revealed in the visions of Ezekiel the book of Daniel and the miracles of Moses The final result of this contemplation is a vision of the cosmos centered on the role of human consciousness in creation   *The Language in Science Fiction and Fantasy* Susan Mandala,2010-12-23   **The Language of Creation.** Tantra Maat,2013-10-01 There is a Language of Creation within which we all exist whether a sun a tiger or a human being this language carries our Original Design The flower opening toward the sun is that language The spiritual feeling of being one with God is that language The smile on a mothers face when her infant is placed in her arms is that language The tears in our eyes when we feel heard or feel seen are that language Over the course of time we have forgotten But now once again something is stirring And we are Awakening We are in the midst of a phenomenal global shift We are awakening to the discovery that much of what we have believed until now in fact isnt true Awakening is no longer secreted away in unconventional thinking Awakening is what is happening We just had no idea it would look or feel like it does We have mistaken awakening for overwhelm physical exhaustion mental confusion emotional anxiety What we are experiencing the old systems of understanding cannot sort out Our minds and bodies are awakening into the Language of Creation Our entire system is actively restoring this Original Design We are beginning to remember once again that we are an integral part of life New perceptions and applications are now demanded After eons of time we are in a powerful creative process as our Original Design reformats our minds re configures our bodies and reboots our physical and non physical systems This book is a road map to navigate your path to your Original Design Through the use of template writing exercises you reconfigure your neural pathways to be life enhancing rather than life defeating manifesting your life in the majesty of what it was always meant to be The Language of Creation is a tool for re formatting HOW you think to create the life you want   **The Language of Poetry** H.
