The Amazing Illustrated Word Game Memory Books Vol. I, Set I Frank H Gaertner,2006-11 If ever you have been humiliated playing word games wondered how some players seem to pull seven letter words out of a hat questioned what your favorite game words meant or simply could use a humorous mentally stimulating way to rapidly recall key bonus words then *The Amazing Illustrated Word Game Memory Book* is for you This volume organizes letters in groups of six the so called six letter stems according to those most likely to lead to seven letter bonus scoring words The letters of my central seven six letter stems INEAST RNEAST IREAST INRAST INERST INEART and INEASR are ones that are highly likely to show up in scrambled array in a word game seven letter hand and are the ones most likely to generate seven letter bonus words For example add any letter except J Q or Y to INEAST and one or more of the seven letter words in the official word game lexicon show up but of course you have to

know them and quickly unscramble them to be able to use them In this volume these words are mentally filed for instantaneous recall through the use of coded dramatically humorous stories and pictures Active participation on the part of the reader in the form of reading reciting writing and coloring is used to trigger memory traces in both the right and left brain Mental visualization of pictures is used to reinforce photographic memory And the humorous dramatic or sometimes politically incorrect stories that go with the pictures are used to reinforce emotional memory traces In addition the stories and the seven letter words that go with the stories are organized according to an alphanumeric code that helps create a mental filing cabinet for rapid retrieval of the words in question A method of play that will further increase the chances of forming bonus scoring game words is also given

The Amazing Illustrated Word Game Memory Books Volume 2, Set 2 Frank H. Gaertner,2011-06 This book Volume 2 Set 2 of the AIWGMB is a continuation of a three set series of stories and illustrations representing all of the 7 letter words captured by The Central Twenty One Five Letter Stems that feed into the Central Seven Six Letter Stems of Volume 1 Set 1 Knowledge and flash photographic memory recall of these word lists together with those of the Auxiliary Seven Six Letter Stems of Volume 1 Set 2 can be valuable assets for any wannabe top contender in our rapidly growing competitive word game social networks The wordlists organized in Mentafile TM format are coded with peg words assigned to each letter of the alphabet This type of iconic coding organization can make letter management and identification of 7 letter words within scrambled arrays effortless almost as though one has an app that automatically brings bonus words to mind as one plays off letters on the way to one of the Central Seven Six Letter Stems For example in a board game where letters must be unscrambled to reveal hidden words one might hold in alphagram order the following seven letters ADNRSTU For those accomplished with Vol 2 Set 2 of the AIWGMB the identification of the five letter stem RNAS T and the letter D within ADNRSTU would be instantaneous along with the mental search for the story and illustration of She STRANDS the drunk on a TUNDRA S plain Alternatively one might hold ADNRSST which would immediately bring up the word STRANDS from that story STANDER the only other possibility for a 7 letter RNAS T D word would show up with the holding of ADENRST the only bonus word featured in the drunk file of RNEAST one of the Central Seven Six Letter Stems of Vol 1 Set 1 Therefore with no E R or S in the hand one skilled in the use of The AIWGMB would know with valuable certainty that no 7 letter bonus words were available for play But the fun s not over It really begins when we add to our search the thirty four 8 letter RNAS T D words of RNAS T RNEAST and INRAST Having learned to read alphagrams from the flashcards connected to the stories and Illustrations of this series we now watch our opponents shrink in terror as we unleash our knowledge and skill at finding and playing one of these 8 letter winners
