

The background of the image features a complex, abstract pattern of overlapping, semi-transparent rectangular shapes. These shapes are rendered in various shades of gray and red, creating a sense of depth and movement. The shapes are arranged in a way that suggests a grid or a network, with some shapes appearing to be in the foreground and others receding into the background. The overall effect is a dynamic and modern aesthetic.

Strategies are reviewed to attain this efficiency by exploiting the factorizability properties inherent to a range of fluid
