Carrying The Fire:

Carrying the Fire Michael Collins, 2019-04-16 Reissued with a new preface by the author on the fiftieth anniversary of the Apollo 11 journey to the moon The years that have passed since Neil Armstrong Buzz Aldrin and Michael Collins piloted the Apollo 11 spacecraft to the moon in July 1969 have done nothing to alter the fundamental wonder of the event man reaching the moon remains one of the great events technical and spiritual of our lifetime In *Carrying the Fire* Collins conveys in a very personal way the drama beauty and humor of that adventure He also traces his development from his first flight experiences in the Air Force through his days as a test pilot to his Apollo 11 space walk presenting an evocative picture of the joys of flight as well as a new perspective on time light and movement from someone who has seen the fragile earth from the other side of the moon

Carrying the Fire Michael Collins, 2001-04-03 NASA astronaut Michael Collins trained as an experimental test pilot before venturing into space as a vital member of the Gemini 10 and Apollo 11 missions In *Carrying the Fire* his account of his voyages into space and the years of training that led up to them Collins reveals the human tensions the physical realities and the personal emotions surrounding the early years of the space race Collins provides readers with an insider's view of the space program and conveys the excitement and wonder of his journey to the moon As skilled at writing as he is at piloting a spacecraft Collins explains the clash of personalities at NASA and technical aspects of flight with clear engaging prose withholding nothing in his candid assessments of fellow astronauts Neil Armstrong John Glenn and Buzz Aldrin and officials within NASA A fascinating memoir of mankind's greatest journey told in familiar human terms *Carrying the Fire* is by turns thrilling humorous and thought provoking a unique work by a remarkable man

We Carry the Fire Richard A. Hoehn, 2021-02-17 *We Carry the Fire* describes a social and political spirituality defined by actions that save families civilization and the planet These actions based on values articulated in religious congregations result in tangible outcomes in the real world people live instead of die democracy is strengthened nature is restored and the human spirit flourishes The author shows how an action spirituality is different from me and escapist spiritualities Spiritual meaning is found by working in solidarity with people around the world to love our neighbors as well as those who aren't our neighbors as ourselves As congregations are struggling to adjust to contemporary realities Hoehn brings the passion and knowledge of a pastor academic author activist and grassroots organizer down to earth in real time

Carry the Fire Kristopher Blume, 2025-02-27 *Carry the Fire* by Chief Kristopher Blume is a powerful leadership guide for the fire service focused on real world lessons in mentorship discipline motivation and evolving firehouse culture A must read for officers chiefs and anyone preparing to lead
