Gordon,1910 *100 Sight Words* Darrius Edwards,2021-09-13 Are You Looking for a Fun Way to Teach Your Child Reading This activity book contains 100 useful sight words to make school as easy as ABC This book is a unique handbook that will teach your children 100 sight words while having fun It s ideal for kids who are just starting school or who are learning English as a second language The activity book engages the region of the brain responsible for imagination and memory thanks to a unique and scientifically verified approach As a result it s ideal for both kindergarten and school aged children With the use of colors and hand memory you can now ensure that kids will be developing their memory and essential grammatical skills while also easing them into critical thinking This isn t just another dull workbook with letters they ll forget it s a fun exercise that will keep kids occupied while they learn to read We know what works best since we ve spent over a decade helping parents like you teach their children who have fallen in love with school thanks to our books It is never too

late or too soon to begin training your children to read They ll learn new words in only a few weeks with this activity book
With this book your kid will Learn the most important words to make reading easy Learning sight words is the most
important part of learning how to read With this activity book your kid will be able to easily read new words and get ahead of
the class Ease them into the idea of school You will fail again and again if you force them to read Children must enjoy reading
and learning and this book will make reading learning so fun they will be excited to start learning like the big boys and girls
Train their imagination and memory Reading coloring and writing isn t only a way of teaching them how to read With the
masterful method of combining exercises that merge the three skills the book is the perfect guide for your kids to train their
brain and imagination If you want to cast the worries aside and watch your kids fall in love with the process of learning Scroll
