AI Impacts on Branded Entertainment and Advertising Miguélez-Juan, Blanca,Rebollo-Bueno, Sara,2025-05-01

Connecting with the public especially the younger generations is challenging for brands and agencies unless they leverage new communication technologies to create engagement and foster more critical and active audiences Consumers often overwhelmed by messages and products no longer need to avoid intrusive advertising Instead in this new advertising paradigm they seek out brands and their advertisements to form a positive emotional connection This intimate bond benefits both the brand and the consumer acting as a loudspeaker for the brand s values and message In this context creativity and professional creatives are reaffirmed as the key differentiators for modern advertising agencies These agencies need well trained professionals who are not afraid to use new communication methods including entertainment and emerging technologies like AI which despite being unregulated are here to stay AI Impacts on Branded Entertainment and Advertising explores the scientific foundations on the use of AI and branded content understanding it as an essential tandem for the understanding of the advertising and social reality Covering topics such as non conventional media influencer marketing and avatar this book is an excellent resource for marketing directors brand creators communication professionals computer developers corporate professionals researchers scholars professionals academicians and more The Generative AI Impact Antonio Crupi, Luca Marinelli, Emanuele Cacciatore, 2025-07-17 The book shows how Society 5.0 aims to create a human centric society where technological development is accessible to all Industry 4.0 technologies play an active role in daily life industry healthcare and other areas promoting progress technological advancement and individual wellbeing Handbook of Global Media Ethics Stephen J.A. Ward, 2021-09-02 This handbook is one of the first comprehensive research and teaching tools for the developing area of global media ethics The advent of new media that is global in reach and impact has created the need for a journalism ethics that is global in principles and aims For many scholars teachers and journalists the existing journalism ethics e.g existing codes of ethics is too parochial and national It fails to provide adequate normative guidance for a media that is digital global and practiced by professional and citizen A global media ethics is being constructed to define what responsible public journalism means for a new global media era Currently scholars write texts and codes for global media teach global media ethics analyse how global issues should be covered and gather together at conferences round tables and meetings However the field lacks an authoritative handbook that presents the views of leading thinkers on the most important issues for global media ethics This handbook is a milestone in the field and a major contribution to media ethics The Rise of Machines Adrian David Cheok, Chamari Edirisinghe, Mangesh Lal Shrestha, 2024-11-21 This book provides an in depth look at the impact of artificial intelligence AI on the future of work The rise of AI and automation is transforming the world of work and the book explores the implications of this transformation on jobs and skills It begins by introducing readers to the basics of AI technology and its various applications in the workplace It then moves on to examine

the impact of AI on jobs and skills including the changing nature of work and the potential for job loss due to automation It also delves into the ethical implications of AI in the workplace including the moral and ethical questions that arise when AI is used to make decisions that affect people s lives Besides exploring the impact of AI on the workforce the book provides practical advice for preparing for the future of work in the age of AI This includes the importance of reskilling and upskilling as well as strategies for adapting to the changing world of work in the age of AI It concludes with a future outlook exploring the likely direction of the workforce in the years to come and the importance of preparing for the future with a proactive approach to AI and the workforce This book provides a comprehensive and accessible look at the impact of AI on the future of work It is ideal for anyone interested in understanding the implications of AI on the workforce and preparing for the future of work in the age of AI
