

NARRATIVE

THE NARRATIVE SCAFFOLD

1. Orientation

In this paragraph the narrator tells the audience *who* is in the story, *when* it is happening, *where* it is happening and *what* is going on.

2. Complication

This is the part of the story where the narrator tells about something that will begin a chain of events. These events will affect one or more of the characters. The complication is the trigger.

3. Sequence of events

This is where the narrator tells how the characters react to the complication. It includes their feelings and what they do. The events can be told in chronological order (the order in which they happen) or with flashbacks. The audience is given the narrator's point of view.

4. Resolution

In this part of the narrative the complication is sorted out or the problem is solved

5. Coda

The narrator includes a coda if there is a moral or message to be learned from the story.
