# Creativity in the Early Years

## What is Creativity?

Creativity is about children's ability to invent something new, whether it's figuring out a solution to a problem, finding a new way of doing things or making an object. There are just a few ways to be creative.

## Why is it important?

Creativity enables children to fully explore and understand the world around them, helping them to process their experiences and use their imagination to invent and discover new possibilities.

## Staying Creative

Once children are born, how they react and respond to different stimuli is considered 'creative'. However, as children grow older, creativity can be lost.

It's crucial that as practitioners, we make sure creativity is a priority in the early years and help cement children's intrinsic desire to learn. We can help to do this by creating a supportive environment that invests in 'possibility thinking' and builds on the 'what if...?' philosophy.

## Developing a Creative Environment

To develop a creative environment, consider what opportunities children have for exploration.

Providing an environment which has elements of challenge, curiosity problem-
