business terminology will find this book invaluable Fundamentals of Financial Management Ms. Jagriti Gupta, Dr. Chetna Makwana, Dr. Sumedha Naik, Dr. Wuppuluru Ramana Rao, 2023-01-04 The term financial management refers to the process through which an organization's finances are planned, organised, directed and controlled. Financial management is defined as the activity connected with planning, raising, regulating and administering finances utilised by the firm by Guthman and Dougal. Finances play a vital role; hence this area of study focuses on how to acquire and effectively spend money. The term financial management refers to the administration of the financial system. Planning, organising, managing and controlling a business's financial operations fall within the purview of financial management. Financial management affects every facet of for-profit and non-profit organisations alike. It's responsible for a wide variety of tasks such as raising capital, allocating resources and monitoring results in the financial realm. As a result, it has become an essential part of every business. Economics is the study of fundamental financial theory and its application to the conduct of economic or monetary operations. As a result, it is clear that economic ideas are applicable to financial matters. As a result of the development of Financial Management as a distinct field of study, finance now serves as a crucial component in every sector of the economy. Money and other liquid assets such as shares of stock, debentures and government bonds are examples of financial inputs.

Fundamentals of Financial Management James C. Van Horne, 2009-12 Fundamentals of Financial Management, Concise Edition Eugene Brigham, Joel Houston, 2006-02-06 Brigham Houston A Classic redefined because a classic never goes out of style. The market leader Brigham Houston continues to grow in reputation and amount of users as the most effective approach for teaching the first undergraduate corporate finance course. This Concise version of the extremely successful Brigham Houston Fundamentals of Financial Management contains the same level of topical rigor while also reflecting the latest in theory, research, real world examples and use of technology as Fundamentals.
