Compound Simple Games I. Lloyd S. Shapley,RAND CORP SANTA MONICA CALIF.,Rand Corporation,United States.
Air Force,1962 This is an investigation of the solutions of the games that are formed by combining two or more simple games
played by separate groups of individuals A simple game is one that is completely specified by its winning coalitions Two
forms of combination are studied in detail in this Memorandum the sum in which a coalition wins if it wins in either
component and the product in which a coalition wins only if it wins in both components In both cases relationships are
established between the solutions of the compound games and those of the components Author
