Evinrude outboards 1969-1980. The model year is in the Model number as the first digit after the horsepower. Example: Evinrude 1975 75hp=E75543B. In this instance the **red "5"** is the model year.

Johnson/Evinrude outboards from 1981 forward uses a two letter code derived from the word **Introduces** to establish the model year. See matrix below.

I	N	T	R	O	D	U	C	E	S
1	2	3	4	5	6	7	8	9	0

Example: 1998 Evinrude 115 = E115T**LECS** the **EC** represents 98 or 1998.

Please note: BRP has committed to continue to provide owners with a method of determining the model year of all outboards produced under the Johnson or Evinrude brand names.

Honda

Please note: **Honda** outboard model numbers and serial numbers do not provide model year information. There is nothing on the motor that will provide the model year of the engine.

Please do not email us requesting model year information as we are unable to provide any method of indicating the model year. Honda has determined that you do not need that information. (See Yamaha and Mercury.)
