Power, Wealth and Global Equity Patrick J. McGowan, Scarlett Cornelissen, Philip Nel, 2007-02 This textbook on power wealth global order and international relations is designed for students taking introductory courses in international relations and African studies Challenging the intellectual domination of the north this book shows what the world and its patterns of power wealth and privilege look like from an African perspective of transborder political and economic interaction in today s world Students are empowered to become active players on the global stage and to contribute to changing these structures and institutions for the better Up to date advice is provided on how to use the Internet and how to pursue careers in international relations A glossary list of acronyms bibliography index maps and biographies of important people mentioned in the text are also included

NGO's and the United Nations K. Martens, 2005-11-10 NGOs and the United Nations reveals how NGOs have changed their interaction with the UN since the mid 1990s It also looks at how their representation to the UN their consultative status and their characteristic features influence their relationship with the UN The case studies include some of the most renowned players on the international scene such as Amnesty International Human Rights Watch CARE International and Oxfam International

Fundamental Challenges to Global Peace and Security Hoda Mahmoudi, Michael H. Allen, Kate Seaman, 2022-02-04 This book challenges the current thinking and strategies in the field of global peace and security It is clear that current global public and private institutions are inadequate for the challenges we face today These challenges cut across borders and require a more coordinated and concerted effort to find workable solutions This book therefore begins with the question of global leadership and works its way back to the interconnected dynamics of global modernity and conflict It is divided into four parts each addressing a fundamental challenge to global peace and security By exploring how we break out of the current framework in which we understand global activities and the

distribution of resources and this book provides new ways of understanding the material cultural political and spiritual relations that form the basis of international society *Global Climate and Energy Governance* Harald L. Heubaum,2021-12-30 Tracing the changing activities of international bureaucracies active in global climate and energy governance this book provides an in depth analysis of processes of institutional innovation and governance integration between the two fields It shows that rather than the consequence of a designed strategy governance integration the convergence of approaches and practices among different actors within one or between two or more governance architectures has come as the result of organizational changes arising from the international bureaucracies various efforts to pursue and broaden their mandate in a complex and dynamic global policy environment Each of the three cases analyzed the UNFCCC Secretariat the IEA Secretariat and the World Bank began their life focused on particular activities that today following periods of sustained organizational change make up only part of their operations Beyond creating greater synergies for cooperation across the governance architectures improving policies and mobilizing greater investment to tackle the climate emergency the book shows governance integration to have contributed to preserving and expanding the role and relevance of all three international bureaucracies This book will be of interest to students and scholars of global climate and energy governance climate policy and international organizations and their bureaucratic arms Practitioners will find this book useful in thinking about why innovation in governance emerges and how it may be directed **From Manager to Visionary** K.
