Sap Hr : Om, Pd & Training - Tech Reference & Lear P. K. Agrawal,2010-01-30 This book explains all the concepts underpinning the Organizational Management OM Personnel Development PD and Training and Event Management modules of SAP HR It is a comprehensive technical manual which explains every single node of the User Menu and the Configuration The book first gives an overview of a concept explaining what it is how it is used and how it relates to the other concepts It then explains its properties which are fields in a configuration node This book is designed to be used both as a reference manual and a learning guide As a learning guide it offers four views each for a different target audience It can be read from the Senior Management s perspective to gain a broad understanding of the subject and what SAP can do for them Business Process Owners can achieve a higher level of understanding by getting to know more of SAP concepts and how to perform different tasks in SAP Users can acquire a thorough understanding of different tasks and concepts underlying them Functional consultants and proficient users can read the book to gain a complete understanding of the system As a technical reference the book can be used to locate the relevant material through the Table of Contents Index SAP Menu and SAP Customizing Implementation Guide IMG The last two follow the Table of Contents If the reader is in SAP s User Menu or Configuration the chapter number for these nodes can be found in SAP Menu and IMG If a node is not covered in the book the reason for not doing so is mentioned The implementation of SAP HR OM PD and Training can also be guided by the structure of this book **SAP ABAP** Sushil Markandeya,Kaushik Roy,2014-11-17 SAP ABAP Advanced Business Application Programming offers a detailed tutorial on the numerous features of the core programming platform used for development for the entire SAP software suite SAP ABAP uses hands on business oriented use cases and a valuable dedicated e resource to demonstrate the underlying advanced concepts of the OO ABAP environment and the SAP UI SAP ABAP covers the latest version NetWeaver 7 3 and SAP application programming release 6 0 of the platform for demonstrating the customization and implementation phases of the SAP software implementation Void of theoretical treatments and preoccupation with language syntax SAP ABAP is a comprehensive practical one stop solution which demonstrates and conveys the language s commands and features through hands on examples The accompanying e resource is a take off point to the book SAP ABAP works in tandem with the accompanying e resource to create an interactive learning environment where the book provides a brief description and an overview of a specified feature command showing and discussing the corresponding code At the reader s option the user can utilize the accompanying e resource where a step by step guide to creating and running the feature s object is available The presentation of the features is scenario oriented i e most of the features are demonstrated in terms of small business scenarios The e resource contains the scenario descriptions screen shots detailed screen cams and ABAP program source to enable the reader to create all objects related to the scenario and run execute them The underlying concepts of a feature command are conveyed through execution of these hands on programs Further exercises to be

performed independently by the reader are also proposed The demonstration illustration objects including the programs rely on some of the SAP application tables being populated for example an IDES system which is now a de facto system for all SAP training related activities

Design and Evaluation of an E-Learning Artefact for the Implementation of SAP S/4HANA® Felix Garayo Maiztegui,2023-02-21 The objective of this study is to create a new e learning artefact for SAP S 4 Hana training purposes Based on Design Science Research a new prototype of an e learning artefact has been developed The prototype is grounded on didactic and information systems theories as well as models The aim of this new prototype is to transfer knowledge of business processes with the new Enterprise Resource Planning ERP SAP S 4 HANA in an effective and efficient way The study is validated through an experiment with a treatment and a control group While the treatment group learns with the new e learning artefact the control group keeps with the existing conventional training Results show that the treatment group have significantly less dropouts than the control group and that the treatment group could also finalize the SAP S 4 Hana exercises in less time This study shows also how companies can benefit significantly using the same approach through a set of guidelines
