cultural and gender diversity prepares OTAs to work with older adults using cultural sensitivity UNIQUE Critical topic discussions examine concepts such as telehealth wellness and health literacy Interdisciplinary approach highlights the importance of collaboration between the OT and the OTA specifically demonstrating how an OTA should work with an OT in caring for older adults Case studies at the end of chapters help to prepare for situations encountered in practice NEW An ebook version is included with print purchase and allows access to all the text figures and references with the ability to search customize content make notes and highlights and have content read aloud NEW Evidence Nuggets sections highlight the latest research to inform practice NEW Tech Talk feature in many chapters examines the latest technology resources Revised content throughout provides the most current information needed to be an effective practitioner Updated references ensure the content is current and applicable for today's practice

Humans and Cyber Security Amanda

Widdowson, 2025-01-28 Cyber security incidents are often attributed to human error The discipline of human factors recognises the importance of identifying organisational root causes rather than focusing on individual actions or behaviours *Humans and Cyber Security How Organisations Can Enhance Resilience Through Human Factors* delivers an applied approach to capturing and mitigating the risk of the human element in cyber security and proposes that it is easier to change organisational practices than it is individual behaviour This book identifies undesirable behaviours and practices then analyses why they occur and finally offers mitigating actions Models of behavioural motivations will be discussed alongside individual vulnerabilities Organisational vulnerabilities will form the main focus of an applied approach to capturing and mitigating the risk of the human element in cyber security It concludes with recommended processes that involve talking to a range of individuals across the organization Backed up with practical materials to facilitate data collection applied examples and mitigating strategies to address known human vulnerabilities this book offers the reader a complete view of understanding and preventing cyber security breaches The solutions in this book will appeal to students and professionals of human factors security informational technology human resources and business management **Indie Author**

Confidential 4-7 M.L. Ronn, 2023-07-20 This collection contains Volumes 4-7 of the groundbreaking behind the scenes series of a working writer's journey Ever wondered what bestselling authors think about on a daily basis M L Ronn is the author of many books of fiction and nonfiction This book series is a diary of all the lessons he's learning as he navigates how to master the craft of writing marketing and running a profitable publishing business Most writers don't talk about the everyday lessons they learn because they might seem mundane boring or obvious Many only start talking about their success once they've achieved it This book is the exact opposite it's about a writer learning how to be successful and documenting the process The ideas in this book are what writers discuss over beers at writing conferences They're insider ideas you may find them interesting and useful on your journey to becoming a successful writer V1 0 [Williams Obstetrics 24/E \(EBOOK\)](#)

Marlene M. Corton, Kenneth J. Leveno, Steven L. Bloom, Barbara L. Hoffman, 2014-05-06 The premier reference in obstetrics

for more than a century now even more relevant to today's practice Williams Obstetrics is the most detailed comprehensive and rigorously referenced text on the subject Written by an author team from the world renowned Parkland Hospital the hallmarks of this classic are its thoroughness scientific basis and practical applicability for the obstetrician at the bedside This edition of Williams Obstetrics continues to emphasize the scientific based underpinnings and evidence based practices of the specialty This is accomplished by using incorporating more than 3 000 new literature citations and guidelines from the most trusted professional and academic organizations One of the important features of the twenty fourth edition is a greater focus on the fetus as a patient and an expanded discussion of fetal diagnosis and therapy This is complemented by more than 100 new sonographic and MR images of common fetal abnormalities A new reorganization of the text enables the book to highlight more effectively the myriad disorders that may complicate pregnancy Williams Obstetrics provides a convenient clinically relevant text of value to the busy practitioner The book summarizes important new data that has influenced evidence based management to improve pregnancy outcomes Much of this data is conveniently distilled into newly created tables and diagnostic and treatment algorithms During discussion numerous sources are cited to provide evidence based options for patient management Additionally nearly 900 images complement the text many of which are new or enhanced These include sonograms MR images photographs diagrams and graphs This edition of Williams Obstetrics continues to provide clinicians with everything they need to know about the practice of obstetrics with a level of authority and quality of presentation not found in any other resource
