The Effects of Trauma Jim Banks, 2011-03 The following book describes a prayer

tool that I stumbled across in late 2009 by putting pieces of the teachings of three of God's faithful servants together and adding a couple of others steps. The power of it to virtually eliminate many of the symptoms that victims of trauma complain of has proven to be nothing short of miraculous. Over the last 25 years of praying for physical and emotional healing I have prayed numerous prayers that at least in my estimation availed little. But the last 400 or 500 folks or so that I have ministered this over have experienced relief that has been both instantaneous and up to this point permanent. I am also happy to report that the recipients have experienced some significant results after having been prayed over in groups of 25 to 175 persons.

Treating Trauma and Traumatic Grief in Children and Adolescents Judith A. Cohen, Anthony P. Mannarino, Esther Deblinger, 2006-06-23. This is the authoritative guide to conducting trauma focused cognitive behavioral therapy (TF-CBT), a systematic evidence based treatment for traumatized children and their families. Provided is a comprehensive framework for assessing posttraumatic stress disorder, depression, anxiety, and other symptoms, developing a flexible individualized treatment plan, and working collaboratively with children and parents to build core skills in such areas as affect regulation and safety. Specific guidance is offered for responding to different types of traumatic events, with an entire section devoted to grief focused components. Useful appendices feature resources, reproducible handouts, and information on obtaining additional training. TF-CBT has been nationally recognized as an exemplary evidence based program.
