The background of the cover features a composite of microscopic images. At the top, there are several cells with bright orange and purple cytoplasm. Below these, a large, detailed image of a virus with a purple, spiky surface is prominent. On the left side, there are three rectangular panels showing green fluorescent spots against a dark background, likely representing a fluorescence assay. The text 'Test Bank' is overlaid in a large, white, sans-serif font across the center of the image.
