Postdramatic Theatre Hans Thies Lehmann:

Postdramatic Theatre Hans-Thies Lehmann, 2006-09-27 Newly adapted for the Anglophone reader this is an excellent translation of Hans Thies Lehmann's groundbreaking study of the new theatre forms that have developed since the late 1960s which has become a key reference point in international discussions of contemporary theatre. In looking at the developments since the late 1960s Lehmann considers them in relation to dramatic theory and theatre history as an inventive response to the emergence of new technologies and as an historical shift from a text-based culture to a new media age of image and sound. Engaging with theoreticians of drama from Aristotle and Brecht to Barthes and Schechner the book analyzes the work of recent experimental theatre practitioners such as Robert Wilson, Tadeusz Kantor, Heiner Müller, the Wooster Group, Needcompany and Societas Raffaello Sanzio. Illustrated by a wealth of practical examples and with an introduction by Karen Jones Munby providing useful theoretical and artistic contexts for the book *Postdramatic Theatre* is an historical survey expertly combined with a unique theoretical approach which guides the reader through this new theatre landscape.

Postdramatic Theatre and Form Michael Shane Boyle, Matt Cornish, Brandon Woolf, 2019-03-21 Postdramatic theatre is an essential category of performance that challenges classical elements of drama including the centrality of plot and character. Tracking key developments in contemporary European and North American performance this collection redirects ongoing debates about postdramatic theatre turning attention to the overlooked issue on which they hinge: form. Contributors draw on literary studies, film studies and critical theory to reimagine the formal aspects of theatre such as space, media and text. The volume expands how scholars think of theatrical form insisting that formalist analysis can be useful for studying the ways theatre is produced and consumed and how theatre makers engage with other forms like dance and visual art. Chapters focus on a range of interdisciplinary artists including Tadeusz Kantor, Ann Liv Young and Ryan Trecartin and Lizzie Fitch as well as theatre's enmeshment within institutional formations like funding agencies, festivals, real estate and healthcare. A timely investigation of the aesthetic structures and material conditions of contemporary performance this collection refines what we mean and what we don't when we speak of postdramatic theatre.

Lehmann plots a course through the history of dramatic thought taking in Aristotle, Plato, Seneca, Nietzsche, Heidegger, Lacan, Shakespeare, Schiller, Holderlin, Wagner, Maeterlinck, Yeats, Brecht, Kantor, Heiner Müller and Sarah Kane.

Postdramatic Theatre and India Ashis Sengupta, 2022-01-27 This book revisits Hans Thies Lehmann's theory of the postdramatic and participates in the ongoing debate on the theatre paradigm by placing contemporary Indian performance within it. None of

the Indian theatre makers under study built their works directly on the Euro American model of postdramatic theatre but many have used its vocabulary and apparatus in innovative transnational ways Their principal aim was to invigorate the language of Indian urban theatre which had turned stale under the stronghold of realism inherited from colonial stage practice or prescriptive under the decolonizing drive of the theatre of roots movement after independence Emerging out of a set of different historical and cultural contexts their productions have eventually expanded and diversified the postdramatic framework by crosspollinating it with regional performance forms Theatre in India today includes devised performance storytelling across forms theatre solos cross media performance theatre installations scenographic theatre theatre as event reality theatre and so on The book balances theory context and praxis developing a new area of scholarship in Indian theatre Interspersed throughout are Indian theatre makers clarifications of their own practices vis vis those in Europe and the US

Scrimmer,2024-12-12 Exploring a wide variety of examples of activist performances such as David Buckel s self immolation and the January 6th capitol insurrection this book analyses activist performance through the lens of postdramatic theatre theory Staging Change poses the

provocative question are activists addicted to drama Scrimmer examines the ways in which the performance and reception of protest is informed by the logic of dramatic theatre and argues that such performative arrangements are so naturalized that they can limit the ability of activists and their audiences to imagine different ways of precipitating change By combining performance analysis interviews with artists and activists and autoethnographic accounts of the author's own experiences as an environmental activist the book illustrates the limitations and alternatives to dramatic representation in activist performance The last decade has seen an increase in political demonstrations worldwide particularly following the excitement and disappointments of the Arab Spring uprisings We have seen several notable movements such as the Occupy movement the mobilization of Black Lives Matter and the MeToo movement In response scholars artists and activists from diverse disciplines have produced an exciting array of practical and theoretical approaches for talking about and thinking through activism Utilizing these interdisciplinary approaches Scrimmer offers us a theoretical inquiry into the possible applications of Hans Thies Lehmann's postdramatic theatre theory in the context of political activism and subsequently extends an alternative conceptual model for activist performance beyond the dramatic paradigm **Critical Live Art**

Dominic Johnson,2016-04-29 Live Art is a contested category not least because of the historical disciplinary and institutional ambiguities that the term often tends to conceal Live Art can be usefully defined as a peculiarly British variation on particular legacies of cultural experimentation a historically and culturally contingent translation of categories including body art performance art time based art and endurance art The recent social and cultural history of the UK has involved specific factors that have crucially influenced the development of Live Art since the late 1970s These have included issues in national cultural politics relating to sexuality gender disability technology and cultural policy In the past decade there has been a proliferation of festivals of Live Art in the UK and growing support for Live Art in major venues Nevertheless while specific artists have been afforded critical essays and monographs there is a relative absence of scholarly work on Live Art as a historically and culturally specific mode of artistic production Through essays by leading scholars and critical interviews with influential artists in the sector **Critical Live Art** addresses the historical and cultural specificity of contemporary experimental performance and explores the diversity of practices that are carried out programmed read or taught as Live Art This book is based on a special issue of *Contemporary Theatre Review* **Journal of Dramatic Theory and Criticism** ,2016 **TDR.** ,2009 *Contemporary Drama in English* ,2007 *Globalisation and Theatre* Jen Harvie,2006

Dissident Dramaturgies Eamonn Jordan,2010 From Boston to Berlin and from Belfast to Beijing the performances of Irish plays have been greeted with critical and box office acclaim Plays by Marina Carr Brian Friel Marie Jones Martin McDonagh Frank McGuinness Tom Murphy Mark O Rowe Conor McPherson and Enda Walsh have toured extensively and have been translated and adapted for new performance contexts This book examines the dominant approaches and the recurrent and variable dramaturgical patterns in the writings of the contemporary generation of writers from 1980 to the

present Six very specific dominant configurations or constructions that shape the blatant dramaturgy of Irish Theatre will be considered in individual chapters that focus the relationships between history memory and metatheatre how the notion of innocence is contested the various deployments of a range of myths by contemporary playwrights the consequences of perverting pastoral consciousness and the implications and repercussions of storytelling to a tradition of writing In all of the work produced both locally and abroad Ireland and a coerced and admired notion of Irishness function in part as a commodity but also as something uniquely defiant liberating and dissident in itself *Back to Back Theatre* Helena Grehan, Peter Eckersall, 2013 This book documents and responds to the work of Back to Back Theatre by providing artistic and critical viewpoints on one of the leading theatre companies of our times Back to Back Theatre has transformed contemporary theatre in Australia and internationally with their unique theatricality and imagination Based in Geelong in regional Australia the company is driven by an ensemble of actors perceived to have intellectual disabilities Their work is inspired by a need to communicate the intrinsic experience of being alive Back to Back's theatre is multi layered visual expressive and sensory The brilliance of their multi award winning work is matched by its human scale and its respect for others Hence their awesome confronting theatricality is also prosaic As the company says We're people who do shows

Fictional Realities/real Fictions Mateusz Borowski, Małgorzata Sugiera, 2007 The collection of essays *Fictional Realities Real Fictions Contemporary Theatre in Search of a New Mimetic Paradigm* tackles the problem of fictionality and reality in contemporary theatre practice and playwriting It approaches this hotly debated issue in a larger context of the theories of theatrical and dramatic mimesis The volume provides an answer to the most recent developments in performative arts such as the widespread use of new media technologies the popularity of site specific productions and the flourishing of various post dramatic forms of expression The phenomena scrutinized in this collection call into question the basic dichotomy between the fictional and the real on which the theory and practice of the Western theatre has been based right from its inception However due to their extremely heterogeneous character they pose a considerable problem for researchers and teachers who still do not find a widely applicable methodology for the analysis of contemporary performances and texts for the theatre *Fictional Realities Real Fictions* sets the discussion of the onset of new mimetic paradigm in three interrelated contexts the new perceptual patterns forged by contemporary theatre the use of media on stage and the strategies of today's political theatre The case studies presented here in spite of their thematic diversity are subordinated to a single theoretical framework Thus they turn out extremely useful both for the scholars investigating the problems of contemporary theatre and students of theatre and drama *Fictional Realities Real Fictions* offers them a rigid methodological scaffolding supported by a number of illustrative examples from a variety of cultural context and theatre traditions which gives them an opportunity to extrapolate from the main argument of the volume to their own research **The Theatre of Martin Crimp** Aleks Sierz, Martin Crimp, 2006-10-12 For a decade Martin Crimp has been in the vanguard of new writing for the British

stage His main stage plays include *Dealing with Clair* *The Treatment Attempts on Her Life* *The Country* and *Cruel and Tender* Arguing that Crimp is one of the most acute satirists of contemporary British society Aleks Sierz provides an accessible and fascinating account of his work This is the first study of Martin Crimp s work for stage and radio and includes an interview with Crimp himself and interviews with all the key directors responsible for staging his work *Romanticism and the Philosophical Tradition* Thomas Constantinesco, Sophie Laniel-Musitelli, 2015
