

Unit 1 Topic 1.4-1.5 : State-building in The America and Africa (1200-1450)

- America (North America)

- The first large-scale civilization in North America was the Mississippian Culture
- They built these huge, monumental mounds for religious, ceremonial, or sometimes elite residential purposes.
- The most significant of these folk are the Cahokia who were in what is now southern Illinois.
 - The Cahokia had a rigid class system. Each town had a Great sun under them was the priests and nobles, then the farmers, hunters, merchants and artisans.
 - The Cahokia enjoyed vibrant culture, but sometimes around 1450 the whole Cahokia settlement was abandoned, and historians think it was because of environmental disaster like a flood.
- The Chaco and Mesa Verde civilizations
 - These folk scratched out a living in a very arid and treeless portion of our fair land. They had no wood to build homes
 - Both groups had thriving civilizations for a good time, but by 1300 the climate got drier and both groups went extinct.
- The Aztecs (Mexicans)
 - In 1325 they founded a magnificent capital city called Tenochtitlan located in modern day Mexico City.
 - This city was magnificent with its ziggurats and bustling marketplaces.
 - The Aztecs controlled their subjects by means of a tribute system administered by a local governor.
 - The tribute system was essentially a payment that conquered people had to make to the Aztecs for the privilege of remaining conquered.
 - The tribute collected could be money, land, military services or goods and services.
 - This arrangement allowed the Aztecs to exercise political dominance over distant lands without being directly and locally involved.

- Africa

- By 1000 most of the sub-Saharan Africans had adopted agriculture but they did not form centralized governments.
 - Rather they organized themselves in kin-based networks
 - Each network was led by chief
 - Groups of villages that were geographically clustered were connected in loose federations. And the chiefs from those regional federations formed councils to solve the regions problems.
- Hausa Kingdom
 - Before 100 the Hausa formed seven states which were connected by kinship ties
 - The states located in the plains had the land and climate for farming | they were the agriculturalists
