

Using a TOWS matrix to develop strategies

Embrace opportunities

Deal with threats

Playing to strengths

Strengths/opportunities

What opportunities match our strengths?
Who else would benefit from our current skillset?
What are we well-placed to do today?

Strengths/threats

Along what lines can we best compete?
What resources can we use to win?
How can our strengths let us dodge the threat?

Mitigating weakness

Weaknesses v. opportunities

What trends might make our weaknesses less relevant? What opportunities are so big, we should address our weaknesses head-on?

Weaknesses/threats

What threats aim directly at our weak points?
How can we make these points stronger?
How can we swerve these threats altogether?

How to Do an Effective SWOT Analysis and TOWS Matrix in Strategic Formulation William H. A. Johnson, 2023 This data set explores developing and analyzing strategic data used for creating a SWOT or TOWS analysis A SWOT also called TOWS analysis is a study done by an organization to identify its internal strengths and weaknesses along with its external opportunities and threats The data are a simulated SWOT analysis of a fictional alternative energy company The data set files are accompanied by a teaching guide and a student guide

SWOT Analysis. Idea, Methodology And A Practical Approach. Nadine Pahl, Anne Richter, 2009-03-27 Research Paper undergraduate from the year 2007 in the subject Business economics Offline Marketing and Online Marketing grade 1 3 University of Applied Sciences Berlin course Marketing language English abstract Due to strong competition and a continuous market change most companies engage in strategic planning today to become or stay competitive in the long run Strategy is all embracing Strategy has to capture internal and external aspects that means to comprise competencies and market opportunities Strategy has to keep in view the own company the customers and the competitors The challenge is to create customer values and competitive advantages to assure benefits and growth As a result the starting point of every strategic decision demonstrates the recognition and the analysis of the company s current situation containing a high variety of parameters These parameters are generally defined by the company s influence into internal and external parameters However the understanding of the company s situation is only defined in absolute by analysing parameters and its bilateral dependencies Therefore the combination of the company s internal factors and the external environmental circumstances presents the basis for the strategy development and the resulting organisational marketing goals and application of the marketing instruments The SWOT analysis is a strategic planning tool used to evaluate the Strengths Weaknesses Opportunities and Threats of a company It provides information that is helpful in matching the company s resources and capabilities to the competitive environment in which it operates The resulting SWOT matrix contrasts the results of the internal analysis strengths and weakness and the external analysis opportunities and threats to define strategic fields of action That application of a SWOT analysis is therefore instrumental in strategy formulation and selection

An Instrument of Strategic Corporate Management?* Roman Wächter,2022-02-22 Seminar paper from the year 2014 in the subject Business economics Business Management Corporate Governance grade 1 0 University of applied sciences Marl language English abstract Constant change is the norm With it comes an impact on long established thinking methods and strategic thrusts Across the globe business leaders are considering where opportunities exist or where risky threats may arise The current situation is complicated by the highly dynamic nature of the business environment which makes it difficult to ensure ongoing resilience and the associated security of business planning It is therefore not surprising that the global economy has been plunged into an unprecedented crisis As a result not only internationally operating corporations but even entire countries have been hit hard Almost daily these

companies therefore report effects on their business figures or announce conditions that threaten their existence Nevertheless there is hope There are companies that use this situation as an opportunity and through improved positioning will even come out of this crisis situation better than they came in However since market opportunities must be identified in order to be able to exploit them successfully indicators are needed that highlight these opportunities and in this context also express how the respective opportunity can be exploited However risks should also be revealed and the company s personal strengths and weaknesses taken into account After all only those who have a sophisticated strategy can face market events with confidence and achieve success in the long term The SWOT analysis can be described as such an indicator and is therefore the subject of this work Genentech, Inc.
