

How to Teach Like a Champ

Prepare in Advance

Prepare for each lesson—define excellence, anticipate challenges, align approach with student needs—to improve learning outcomes.

Check for Understanding

Don't assume students "get it." Check constantly for understanding, gather real-time data, and adapt instruction to close knowledge gaps.

Inspire Trust and Motivation

Students learn best when they feel safe, known, and confident that their teacher believes in them.

Get More Students to Write

Writing captures and clarifies thinking. Use it as a tool to help students form, refine, internalize, and share ideas.

Get More Students to Think

Increase the share of thinking done by students—not just faster or more accurate responses—with active participation.

Get More Students to Discuss

Design structured discussion where more students participate meaningfully. This develops deep thinking, speaking, and listening skills.

Design Effective Lesson Structures

Structure your lessons clearly and intentionally to build momentum, reduce friction, and maximize learning time.

Maintain a Productive Pace

Manage the pace and shift gears strategically to sustain momentum, keep students focused and productively engaged.

Promote Academic Rigor

To raise students to higher standards, build a classroom culture where students persevere, and take pride in doing quality work.

Set and Enforce High Expectations

Create a safe and orderly learning environment. Set clear expectations, uphold standards and boundaries with calm authority.

Run Classrooms Like Clockwork

An efficient classroom frees up mental energy for learning. Build procedures and routines to reduce friction, build autonomy, and keep lessons running smoothly.
