Other bibliographies are usually limited to editions commonly found in academic libraries, but Chamberlin's guide also includes Bibles found in private collections. Overall, this catalogue contains more than five times as many entries of different English translations as two other Bible bibliographies, those by Hill and Herbert combined. The entries are grouped in 151 categories, and within each category, entries are listed in chronological order. The detailed indexes make this bibliography a convenient tool for researchers, Bible scholars, collectors, and rare book dealers. This catalogue is a necessary addition to their libraries.
