**Tracing Every letter is a new territory for your child The first step is to get to know the letter and practice through the correct pen guidance by simply tracing it If your child is still struggling after the first pass the process can easily be repeated with a new pen in a different color Add Word This is followed by a word containing the letter you have just learned So your child learns to put the letter in a word Encourage your child to read the word aloud this will directly practice the corresponding sound Independent writing Finally your child is ready to write the letters freely and without pre drawn lines Of course auxiliary lines are provided to help you place the letter at the correct height Letter by letter your child will be guided through the alphabet in a supportive and not overburdening way always practicing to use the uppercase letters first then followed by the lowercase letters By looking at each letter three times your child is confronted with a solid reliable structure that they can follow at their own pace A quick look at the most important facts of the book Suitable for school and pre school children from ages 3 to 5 A sensible structure that optimally accompanies the learning process Great preparation for pre school and kindergarten A fun way to learn the printed letters from Aa to Zz Designed and sensibly structured to suit children Promotes correct pen management and concentration Child friendly writing exercises on over 100 pages Lots of space for free practice Lovely designs Combine play with learning Benefit from **Letter Tracing Workbook For Preschoolers****
