Basic Chess Openings:

Basic Chess Openings for Kids Charles Hertan,2015-09-01 Award winning author Charles Hertan knows what kids really need to know and want to know about mobilizing their pawns and pieces Traditional chess opening books concentrate on the variations in different openings Charles Hertan believes that for beginners and advanced beginners memorizing lines in the Sicilian and Nimzo Indian defenses is not only boring but also a waste of time Hertan s approach is different He helps kids to develop a solid understanding of the fundamental opening ideas and principles What are the properties of each chess piece and how can they be mobilized effectively to work together and get a strong position on the board In his trademark humorous and kid friendly way Hertan teaches what you should actually be trying to achieve at the start of a game Kids will love learning how to avoid The Five Most Common Opening Mistakes This is a fun easy to use down to earth and accessible chess opening primer *The Complete Idiot's Guide to Chess Openings* William Aramil,2008-10-07 It s your move The Complete Idiot s Guide to Chess Openings provides all readers need to know to solidify their opening game and get on the road to victory In it the authors provide a step by step walk through of 100 of the most effective opening moves Each opening strategy is clearly and succinctly explained with numerous illustrations that bolster the reader s understanding Step by step advice and strategies as well as helpful illustrations Approximately 605 million people worldwide play chess the World Chess Federation estimates that more than 285 million play chess online **Better Chess Openings** Jef Kaan,2014-11-19 New edition Based on latest top chess programs based on neural networks 2024 The book contains an overview selection and improvement of chess openings both for post beginners and intermediate players up till advanced level Including a unique and timeless repertoire carefully selected for home player level 1 e4 and or more advanced chess club players For the latter in addition to a second more in depth repertoire with 1 e4 an optional repertoire is given with 1 d4 besides some gambits or general opening systems as well The most suitable opening moves were selected by thorough analysis to build up a rock solid B W repertoire for two categories of players Not only mentioning of the opening names but also of most sub variations Compared with up to date opening books and actual GM games Many diagrams to enhance memorization and understanding An ideal study guide and only opening book most chess players ever need until master level **Basic Chess Openings** Gabor Kallai,1997 [My First Chess Opening Repertoire for White](#) Vincent Moret,2016-05-11 Every chess player needs to decide which openings he is going to play But where do you start The risk of drowning in the turbulent sea of opening theory is only too real for beginning amateurs Often your goals and ambitions will be misguided Trying to win in 20 moves copying what s in fashion among top GM s or memorizing variations are a waste of time Most likely you will never play your preparation or end up by jumping from one opening to the other Experienced French chess trainer Vincent Moret provides a complete ready to go chess opening repertoire for White with a sound set of lines that do not outdate rapidly do not require memorization and are easy to digest for beginning players and other amateurs In this complete and user friendly guide Moret

has selected relatively aggressive variations that will enhance your tactical vision To show the typical plans and demonstrate underlying ideas and key motifs Moret not only selected games of Grandmasters For instructional purposes he also uses games of young players to highlight the errors they tend to make *Standard Chess Openings* Eric Schiller,1998 The new definitive standard on opening chess play this all inclusive guide covers every important chess opening and variation ever played with an exhaustive total referencing more than 1 000 openings and variations A powerful tool showing the insights concepts and thinking behind each opening this is a serious reference work for both beginning and intermediate players

Chess Openings Frank James Marshall,1904 **Unorthodox Chess Openings** Eric Schiller,1998 This inclusive guide to every unorthodox opening used by chess players contains more than 500 weird contentious controversial unconventional arrogant and outright strange openings A powerful part of any chess player s arsenal these tricky tacky surprises fly in the face of tradition 1 000 illustrations and diagrams **Chess Openings** Sasha Ivanov,2021-12 The first moves of a chess

game are termed the opening or opening moves A good chess opening will provide protection of the king adequate control over an area of the board particularly the center create greater movement for the pieces and open possible opportunities to capture opposing pawns and pieces This book while also explaining some fundamental principles of chess will focus primarily on these opening sequences While the obvious goal of chess is to checkmate your opponent we must first put ourselves in a position to do so That s where chess openings play a vitally important role especially when first learning the game of chess Inside this book you will discover a variety of different opening sequences that you as a beginner can begin using right away If you re a beginner looking to improve your skills as a chess player then mastering these key principles and opening strategies is without a doubt the best place to begin **Basic Chess Openings** Raymond Edwards,1981-01-01 *Basic*

Chess Openings Lyudmil Tsvetkov,2019-11-29 This little book is for people who want to learn the logic behind major opening setups and how to best handle the opening as a whole rather than rely on rote memorisation Explanations are abundant and each opening is illustrated with example games after the theory is presented Although a relatively small sample of openings is included those are definitely the most important ones and knowing how to play them you will also know how to approach the rest of the possible kick off setups Controlling the center is the single most significant principle in the opening and that s what this book teaches The exposition is not very advanced so beginning and casual players will derive the most out of it quite probably If you want to get to the gist of opening play without investing much effort this might be one of the go to sources Chess Openings for Beginners Thomas Tower,2021-02-16 Chess is considered difficult because it requires a

great deal of mental calculation and serious prep work but with this book s content you will get to know that Chess is easy to learn because its rules are understandable The primary strategy for a player is to predict the enemy king s moves and strike them In Chess players aim to gain the most material advantage possible It is easier to beat your opponent s king if you have more pieces than the other player does Although a player is not allowed to touch any piece during the game one is permitted

to touch a piece in order to make an official move This rule allows players to be discreet about the strategies and calculations they make Significant training is required by future chess tournament participants They must choose the opening at which they can compete and become proficient in their tactics With the chapters in this book You will get to learn the following The historical background of chess The basics and foundation of chess Checkmating patterns and methods Rules that surrounds chess Defenses techniques Beginner s mistakes and how to avoid them Tips on sacrifices Chess theory Basic chess concepts And lots more Buy this book right now **Pocket Guide to the Chess Openings** R. C. Griffith, Harry Golombek, 2013-03 This book is exactly what is claims to be A handy reference guide to the basic chess openings yet small enough to be carried around in the pocket It contains everything that the average club or tournament player or an aspiring beginner needs to know to get through the chess opening with a reasonable game It does not contain the latest or sharpest lines It does not guarantee to get you a winning game from the opening It is not a book of traps or tricks It just gets you a reasonable playable game **Discovering Chess Openings:** John Emms, 2006-09-01 In Discovering Chess Openings John Emms argues that studying openings doesn t have to be hard work it can be both enjoyable and enlightening The key to successful opening play is not simply learning lines off by heart instead it s the understanding of the basic principles and here the reader is guided through the vital themes swift development central control and king safety Chess Openings for Beginners Stuart Rook, 2021-02-19 Chess is one of the oldest games in the world dating back over 1500 years The game of chess has evolved as it spread around the globe to the game we play today As a result this journey has brought people together from different cultures ages and backgrounds over a common bond and passion for the game One question that pops up all the time when considering an effective chess training method is what are the best chess openings for beginners to play After all not all chess openings are as suitable for beginners as they are for experts Many openings require intimate knowledge of deep strategic ideas and move order subtleties So how are you suppose to chose the best opening among others if you don t even know where to start Don t worry this Amazing and Easy to Follow Handbook will teach a step by step method to always chose the best opening In this book you will Have a Complete Overview of The Most Popular Chess Opening Knowing openings means you don t have to spend lots of time trying to understand your opponent s move since you ve already done your homework ahead of time It also means you understand the general plans for both white and black the themes and any traps Learn Exactly What The Most Common Opening Move in Chess e4 is and How to Respond to This Opening Move to understand its key ideas and lead to an open game a term used to describe a game that features tactical battles in which both sides must be wary of quick and dangerous attacks Realize How Playing Chess is An Incredibly Beneficial Pastime because playing chess results in better brain function improved memory and cognitive abilities strategic thinking and attention improvement Discover Many Interesting Tips and Tricks for a Successful Opening to have a strategy in place to make your opening as successful as possible and begin brainstorming ways to create various opening every time to take your opponent
