Practice Book is not intended to replace the classroom textbook The book is to provide the information in order for students
to explore the various styles of test questions including over 600 unit practice questions and over 200 Test Practice questions
The book has consolidated the general standards of 8th grade math to 10 units and each unit has 2 to 4 pages of unit reviews
which provide summarized information of the unit topics and samples instead of providing specific step by step teaching
instructions and examples which the students should find in their classroom textbooks Each practice unit has 3 sets of
practice questions and each set contains 3 different levels of questions such as Section A for basic concept level Section B for
mastery level and Section C for higher thinking level Teachers and students can select the level to practice based on the
learner's progress and comprehension At the end the book contains 3 Test Practices Each test practice has 3 sections and

each section has 24 questions Section 1 is calculator free and students shall not use a calculator to answer the questions Some standardized tests do not allow students to use a calculator in certain test sections Students should also practice with time restriction to simulate the timed standardized test
