Computational Intelligence in Communications and Business Analytics Kousik Dasgupta,Somnath Mukhopadhyay,Jyotsna K. Mandal,Paramartha Dutta,2023-11-29 This two volume set constitutes the refereed proceedings of the 5th International Conference on Computational Intelligence in Communications and Business Analytics CICBA 2023 held in Kalyani India during January 27 28 2023 The 52 full papers presented in this volume were carefully reviewed and selected from 187 submissions The papers present recent research on intersection of computational intelligence communications and business analytics fostering international collaboration and the dissemination of cutting edge research

Advances in Power Systems and Energy Management Amik Garg,Akash Kumar Bhoi,Padmanaban Sanjeevikumar,K. K. Kamani,2017-11-28 This book is a collection of research articles and critical review articles describing the overall approach to energy management The book emphasizes the technical issues that drive energy efficiency in context of power systems This book contains case studies with and without solutions on modelling simulation and optimization techniques It covers some innovative topics such as medium voltage MV back to back BTB system cost optimization of a ring frame unit in textile industry rectenna for radio frequency RF energy harvesting ecology and energy dimension in infrastructural designs 2 4 kW three phase inverter for aircraft application study of automatic generation control AGC in a two area hydrothermal power system energy efficient and reliable depth based routing protocol for underwater wireless sensor network and power line communication using LabVIEW This book is primarily targeted at researchers and senior graduate students but is also highly useful for the industry professional and scientists

Smart Buildings Digitalization, Two Volume Set O.V. Gnana Swathika,K. Karthikeyan,Sanjeevikumar Padmanaban,2022-05-27 A smart building is the state of art in building with features that facilitates informed decision making based on the available data through smart metering and IoT sensors This set provides useful information for developing smart buildings including significant improvement of energy efficiency implementation of operational improvements and targeting sustainable environment to create an effective customer experience It includes case studies from industrial results which provide cost effective solutions and integrates the digital SCADA solution Describes complete implication of smart buildings via industrial commercial and community platforms Systematically defines energy efficient buildings employing power consumption optimization techniques with inclusion of renewable energy sources Covers data centre and cyber security with excellent data storage features for smart buildings Includes systematic and detailed strategies for building air conditioning and lighting Details smart building security

propulsion This set is aimed at graduate students researchers and professionals in building systems architectural and electrical engineering

Smart Solar PV Inverters with Advanced Grid Support Functionalities Rajiv K. Varma,2021-12-01 Learn the fundamentals of smart photovoltaic PV inverter technology with this insightful one stop resource Smart Solar PV Inverters with Advanced Grid Support Functionalities presents a comprehensive coverage of smart PV inverter technologies in alleviating grid integration challenges of solar PV systems and for additionally enhancing grid reliability Accomplished author Rajiv Varma systematically integrates information from the wealth of knowledge on smart inverters available from EPRI NREL NERC SIWG EU PVSEC CIGRE IEEE publications and utility experiences worldwide The book further presents a novel author developed and patented smart inverter technology for utilizing solar PV plants both in the night and day as a Flexible AC Transmission System FACTS Controller STATCOM named PV STATCOM Replete with case studies this book includes over 600 references and 280 illustrations Smart Solar PV Inverters with Advanced Grid Support Functionalities features include Concepts of active and reactive power control description of different smart inverter functions and modeling of smart PV inverter systems Distribution system applications of PV STATCOM for dynamic voltage control enhancing connectivity of solar PV and wind farms and stabilization of critical motors Transmission system applications of PV STATCOM for improving power transfer capacity power oscillation damping POD suppression of subsynchronous oscillations mitigation of fault induced delayed voltage recovery FIDVR and fast frequency response FFR with POD Hosting capacity for solar PV systems its enhancement through effective settings of different smart inverter functions and control coordination of smart PV inverters Emerging smart inverter grid support functions and their pioneering field demonstrations worldwide including Canada USA UK Chile China and India Perfect for system planners and system operators utility engineers inverter manufacturers and solar farm developers this book will prove to be an important resource for academics and graduate students involved in electrical power and renewable energy systems

Renewable Energy for Plug-In Electric Vehicles Thanikanti Sudhakar Babu,Praveen Kumar Balachandran,Nnamdi Nwulu,2024-07-04 Renewable Energy for Plug In Electric Vehicles Challenges Approaches and Solutions for Grid Integration provides a holistic guide to the critical technical challenges of integrating renewable energy for grid connected electric vehicles Considering the impact of renewable energy integration from a wide range of perspectives this book leverages its global range and expertise to cover problems from power stability to market strategies fast charging and cybersecurity Practical solutions are provided incorporating the latest advances in technologies across meters sensors batteries storage demand response artificial intelligence and power system design Supporting broad understanding and practical solution development the book enables researchers students and industry professionals to take the next steps towards renewably sourced grid integrated electric vehicles Focuses on the essential step of integrating grid charging electric vehicles with renewable energy sources Provides comprehensive analysis of the challenge renewable integration presents for existing electric vehicle technologies Breaks

down real world practical case studies and solutions using the latest advances by a global team of experts **Research Anthology on Clean Energy Management and Solutions** Management Association, Information Resources,2021-06-25 Energy usage and consumption continue to rise globally each year with the most efficient and cost effective energy sources causing huge impacts to the environment In an effort to mitigate harmful effects to the environment implementing clean energy resources and utilizing green energy management strategies have become worldwide initiatives with many countries from all regions quickly becoming leaders in renewable energy usage Still not every energy resource is without flaws Researchers must develop effective and low cost strategies for clean energy in order to find the balance between production and consumption The Research Anthology on Clean Energy Management and Solutions provides in depth research that explores strategies and techniques used in the energy production field to optimize energy efficiency in order to maintain clean and safe use while delivering ample energy coverage The anthology also seeks solutions to energy that have not yet been optimized or are still produced in a way that is harmful to the environment Covering topics such as hydrogen fuel cells renewable energy solar power solar systems cost savings and climate protection this text is essential for electrical engineers nuclear engineers environmentalists managers policymakers government officials professionals in the energy industry researchers academicians and students looking for the latest research on clean energy management Proceedings of the IEEE International Conference on Industrial Technology (ICIT ...) ,2002 *Bus Communication Systems* Rex C.
