*European Union Law* Anthony Arnull, 2017-05-18 The European Union is rarely out of the news and as it deals with the consequences of the Brexit vote and struggles to emerge from the eurozone crisis it faces difficult questions about its future In this debate the law has a central role to play whether the issue be the governance of the eurozone the internal market clawing back powers from Europe or reducing so called Brussels red tape In this Very Short Introduction Anthony Arnull looks at the laws and legal system of the European Union including EU courts and discusses the range of issues that the European Union has been given the power to regulate such as the free movement of goods and people He considers why an organisation based on international treaties has proved capable of having far reaching effects on both its Member States and on countries that lie beyond its borders and discusses how its law and legal system have proved remarkably effective in ensuring that Member States respect the commitments they made when they signed the Treaties Answering some of the key questions surrounding EU law such as what exactly it is about and how it has become part of the legal DNA of its Member States so much more effectively than other treaty based regimes Arnull considers the future for the European Union

[The European Union](#) Steven P. McGiffen, 2005-10-20 The political dynamics of the European Union can often appear

confusing shrouded as they are in complex legislative processes This book offers a clear and thorough critical introduction to the origins development and current direction of the EU and pinpoints the major policy debates animating decision makers This revised and updated edition offers a well illustrated analysis of each of the EU s major policy areas and covers arguments both for and against the EU McGiffen explores subjects including enlargement internal and external security the Euro trade the environment employment transport and regional policy He explains how and why the debate about membership is frequently and falsely presented as if it were a conflict between nationalism and internationalism and argues instead that the EU is merely one of a number of possible solutions to the the economic and political problems facing Europe Published in association with Spectre Pearson Edexcel A Level Global Politics Robert Murphy,John Jefferies, Josie Gadsby, Eric Magee, 2022-03-25 Newly revised to accompany the Pearson Edexcel specification for Global Politics with updated case studies and recent developments from around the world Provides synoptic links within global politics and across UK and political ideas topics Includes definitions of key terms and concepts throughout Includes quickfire knowledge check questions and summaries of key content to help consolidate knowledge and understanding Features practice questions throughout helping students improve their analysis and evaluation skills Provides answer guidance for exam style questions online on the Hodder Education website

**The European Union and Conflict Prevention** Emma J. Stewart, 2006 The book examines the evolution of EU conflict prevention as an internal EU process and as an area of external cooperation with the UN OSCE and NATO Conflict prevention has emerged as a prominent EU policy in the post Cold War era Yet how suited is the organisation to practice conflict prevention and what does the record of cooperation with other key European organisations tell us about the EU s external priorities The book critically analyses the EU s policy and outcomes to date concluding that conflict prevention is underdeveloped by the EU and is in danger of being marginalised in favour of shorter term crisis management Moreover EU external cooperation reinforces this the priority is cooperation in crisis management with the UN and NATO rather than longer term cooperation with the OSCE

**European Union in the Global Context** Simon Sweeney, 2023-12-22 European Union in the Global Context explores the interplay between the state and state sovereignty nationalism European integration and globalisation It provides essential foundations in these areas while using stimulating arguments to prompt discussion and provoke interest in the relationships between these processes It critically analyses the challenges faced by the EU from the contemporary political and economic dynamics of globalisation IPE including trading relationships set through the WTO and bilateral relations with emerging markets especially the BRICS economies Likewise pressures from within such as a resurgence of nationalism localisation anti austerity politics and Euroscepticism are examined While the Union is fundamentally challenged by pressures from above and below and by its own internal dysfunction it remains central to the effective management of the international political economy European Union in the Global Context is a lively focused and engaging text incorporating anecdotes and contemporary arguments and

presenting different perspectives on European integration and globalisation It will be of key interest to students of European Politics European Studies European Union Studies and more broadly global political economy foreign and security policy and international relations

The European Union Norris Smith,2005 Examines the EU from its formation with a discussion of the economic political and social impact of the organization upon its own members and the rest of the international community

**Tendencies And Evolution Of American And European Criminal Law** Dimitris Liakopoulos,2021-11-10 Scientific Study from the year 2021 in the subject Law Comparative Legal Systems Comparative Law grade PHD language English abstract This work seeks to give insights into some very important issues that aim to give light to open legal discussions and above all the role of the Court of Justice of the European Union CJEU in the evolution of Union criminal law In particular the influence of CJEU as an inter partes court continues with another research which is inspired and aims to analyze the limitations derogations and proposals affixed to the right of personal s data protection in the light of recent legislative and jurisprudential developments made especially in the legislative context of EU and European Council The work continues and focuses on the jurisprudential analysis of some fundamental principles that reign in every national penal system in relation to EU system It continues with an examination of a limited profile that is seen to be faced with a fundamental principle the right to freely express one s thoughts defined as the cornerstone of the democratic order with new forms of aggression and new forms of protection both capable in the absence of a careful balance to compress the fundamental freedoms of the citizen It continues with the choice to anticipate the presentation of three cases actually subject to scrutiny by the judicial courts from the technical legal viewpoint is dictated by the fact that from their reading it emerges which are the most significant problems with regard to ascertaining responsibility for sexual crimes Another paper is concentrated on the analysis of the civil forfeiture is a judicial non conviction based confiscation independent of the criminal proceedings and a conviction that is applied by a judge to the outcome of a judicial procedure of essentially civil nature The authors continue their research with another paper who tries to investigate and analyze new crimes such as sexting cyberbullying and bullying in a comparative way Cyberbulism is in fact a term which includes a vast range of different behaviors which many times do not cover criminal figures punishable by any criminal code at national or international level The last work seeks to examine a last case that has dealt with the ICJ recently particularly the situation between Gambia v Myanmar
