Phonics Phase 3 Guide

More Information

Phonics are a way of teaching reading and writing. Children entering phase 3 phonics will already have some understanding of phonics and have an understanding of the 19 sounds introduced in phase 2. They will be able to segment and blend VC (vowel-consonant) and some CVC (consonant-vowel-consonant) words.

At this phase, children will be introduced to the rest of the remaining phonemes. This will include sounds which are made up of two and three letters known as digraphs (two) and trigraphs (three).

Keep in mind that all children learn differently and although it is important to provide children with opportunities to develop their reading skills, it is equally important to allow them to learn at their own pace.

Phoneme – the sound a letter makes. For example, 'ah'
Grapheme – the name of the letter. For example, 'a'
Digraphs – A combination of two letters representing one sound. For example, 'ai'
Trigraphs – a combination of three letters representing one sound. For example, 'igh'
