

Becoming a Successful Collaborator

When organizations are recruiting, one of the top skills they look for in a candidate is their ability to collaborate. Today's hiring managers know that collaboration leads to improved problem-solving, increased productivity and promotes interconnected team members who share expertise and learn from one another. Defining collaboration is tricky because it means different things across industries, departments and roles. In this course you'll learn about the meaning of collaboration, the concept of teaming in collaboration, and best practices for being a good team member and for being a successful collaborator. You'll examine conflict management styles to determine which one is yours, and the impact on your team.
