Robinson,Dennis Strachota,James A. Hough,2017-09-19 Budgeting for Local Governments and Communities is designed as the primary textbook for a quarter or semester long course in public budgeting and finance in an MPA programme Many currently available texts for this course suffer from a combination of defects that include a focus on federal and state budgeting a lack of a theoretical governance framework an omission of important topics and typically a lack of exercises and datasets for student use Budgeting for Local Governments and Communities solves all of these problems The book is exceptionally comprehensive and well written and represents the efforts of veteran authors with both teaching and real world experience Key Features Special Focus on Local Government Budgeting focuses exclusively on budgeting at the local levels of American government which are responsible for spending 40 percent of the taxes collected from citizens Integration of Theory and Practice teaching cases and chapters capture the lessons learned by professional practitioners who have extensive experience in making local public budgeting work on the ground Polity Approach to Local Budgeting presents an introduction to local budgeting as the central political activity that integrates the resources of the community into a unified whole Budgeting is presented as governance work rather than as a unique set of skills possessed by analysts and financial specialists Legal Historical Economic and Moral Foundations of Local Government Budgeting provides readers with an understanding of how the structures and processes of local budgeting systems are firmly tethered to the underlying core values legal principles and historical development of the larger American federal state and local political systems Electronic Datasets and Budgeting Exercises the text includes access to extensive electronic datasets and practice exercises that

provide abundant opportunities for students to learn through doing Extensive Glossary and Bibliography covers terms on the history and practice of local public budgeting **Business Books and Serials in Print** ,1977 Health Services Management Zachary Pruitt,2024-10-22 Develop the Skills to Become an Effective Health Services Manager Designed for current and future health services managers this accessible and engaging text blends foundational management competencies with career building insights The book dives into all the core health management domains including leadership ethics population health finance HR project management and more with examples drawn from diverse healthcare settings Professional reflections and career content help readers build both confidence and empathy in their journey toward impactful and valuable careers Key Features Integrates core management functions with evolving topics like professionalism community collaboration evidence based management and health equity Equips students and professionals with the necessary skills and mindset to succeed in real world health services management roles Career boxes development reflection prompts and more than 30 informational interviews guide students toward professional growth and applied learning Written with Generation Z learners in mind by an expert committed to education and the future of healthcare leadership Instructor Resources include an Instructor s Manual PowerPoint slides a Test Bank and more **The Publishers' Trade List Annual** ,1977 **Canadian Books in Print** ,2003 **American Book Publishing Record** ,2003 Forthcoming Books Rose Arny,2002 **Schaum's Outline of Theory and Problems of Financial Accounting** Joel G.
