The Rajavaliya, 1900 *Portuguese Encounters with Sri Lanka and the Maldives* Chandra Richard De Silva, 2009 Portuguese Encounters with Sri Lanka and the Maldives Translated Texts from the Age of the Discoveries is designed to provide access to translations of 16th and 17th century documents which illustrate various aspects of this encounter combining texts from indigenous sources with those from the Portuguese histories and archives These documents contribute to the growing understanding that different groups of European colonizers missionaries traders and soldiers had conflicting motivations and objectives Scholars have also begun to emphasize that the colonized were not mere victims but had their own agendas and that they occasionally successfully manipulated colonial powers The texts in this volume help to substantiate these assertions while also illustrating the changing nature of the interactions

Placing the Origins of the Buddha Bhadragee S. Hewage, 2022-08-04 Our understanding that the Buddha emerged from the Middle Gangetic region of the Indian subcontinent has been largely unchallenged for the past 200 years However can we truly trust our existing knowledge regarding the geographical locations associated with early Buddhism Could the Buddha's origins in fact lie elsewhere Tracking the general theory explaining the Buddha's emergence from the Middle Ganges this book explores the lesser known story of colonial Sri Lanka's connections to the wider nineteenth century orientalist quest of placing the Buddha across the northern expanses of the subcontinent By doing so this book highlights the many flaws and inconsistencies that continue to inform our current understanding of the Buddha's geographical origins and urges us to rethink the very foundation on which our knowledge of early Buddhism is based
