Paradoxes of Authenticity Julia Straub, 2014-03-15 Authenticity is one of the most crucial but also

most contested concepts in literary and cultural studies Hollowed out by postmodernist theory it paradoxically enough persists as an important backdrop for the discussion of literature film and the visual arts The essays in this volume explore perspectives on authenticity and case studies dealing with the authentic They thereby seek to show how the paradoxical persistence of authenticity in contemporary critical discourse can be turned into a fruitful point of departure for an analysis of literary texts but also films and the visual arts
