Constellation Lab:

Project STAR ,2001 XML in 60 Minutes a Day Linda McKinnon,Al McKinnon,2003-07-07 XML is now ubiquitous not just in Web development but as the underpinning of interactive Web services applications that really do run on any platform Includes twenty four one hour lessons that recreate a typical week long introductory seminar Provides readers with a sound fundamental understanding of XML and how it changes application development Explains how to use XML when dealing with transforms schemas and other Web services requirements The authors teach courses for IBM Canada Companion Web site features an online presentation by the authors that follows along with each chapter and includes an audio only option for readers with dial up Internet connection **The Brave And The Bold Book One** Keith R. A. DeCandido,2012-08-14 The Malkus Artifacts are deadly machines wielded as weapons of absolute power by an ancient interstellar tyrant and scattered across the Alpha Quadrant when he was overthrown Thousands of years later in 2151 they are discovered by Captain Jonathan Archer of the Starship Enterprise and all Starfleet vessels are warned to be vigilant for these most lethal devices One hundred years later Captain James T Kirk of the USS Enterprise and Commodore Matt Decker of the USS Constellation come across the first artifact on the plague ravaged colony world of Proxima II One hundred years after that Commander Benjamin Sisko of space station Deep Space Nine finds himself pitted against the Bajoran terrorist Orta in a battle for far more than the future of Bajor when the second artifact falls into dangerous and destructive hands **Exploring the Universe: A Laboratory Guide for Astronomy** Mike D. Reynolds,Michael E. Bakich,2015-01-01 Astronomy is a fun and challenging science for students This manual is intended for one and two semester astronomy courses and uses hands on engaging activities to get students looking at the sky and developing a lifelong interest in astronomy **Innovations in the Design and Application of Alternative Digital Credentials** Piedra, Daniel,2021-11-12 The world of academic credentials is going through a rapid change that has seen the emergence of alternate digital credentials Among these are micro certificates digital diplomas and open digital badges which provide a digital record of learning and have the possibility of not only altering the landscape of academic credentials but also transforming the relationship between institutions of higher education their learners and society As institutions turn their attention to alternate digital credentials it is important to learn from what others have experienced **Innovations in the Design and Application of Alternative Digital Credentials** identifies innovative examples of the use of alternate digital credentials to validate specific skills within an existing academic program or on their own Alternate digital credentials may be how specific skills hard or soft are validated with an emphasis on their relationship to enhance employability and recognition within an industry Covering a wide range of topics such as micro credentials badge driven learning and traditional credentials this handbook is ideal for researchers students academicians and administrative decision makers as well as those who support and finance learning systems and theories and those already involved in the design and application of alternate digital credentials at the post secondary level Creating

Innovation Leaders Banny Banerjee, Stefano Ceri, 2015-12-01 This book focuses on the process of creating and educating innovation leaders through specialized programs which are offered by leading academic schools Accordingly the book is divided into two parts While the first part provides the theoretical foundations of why and how innovation leaders should be created the second part presents evidence that these foundations can already be found in the programs of ten top level universities Part one consists of six chapters following a rigorous plan of content development addressing topics ranging from 1 innovation to 2 the settings where innovation occurs 3 innovation leadership 4 the need to change education 5 a taxonomy of advanced educational experiences and 6 cases of positive vs negative innovation leadership in the context of complex problems Here the authors show that a new kind of innovation leadership is urgently needed how it can be created and how it is put into action The second part is a collection of invited chapters that describe in detail ten leading academic programs their objectives curricular organization enrollment procedures and impact on students Selected programs include four North American institutions Stanford s d school Harvard s Multidisciplinary Engineering Faculty Philadelphia University OCAD s Master of Design on Strategic Foresight Innovation five European institutions Alta Scuola Politecnica of Milano and Torino the EIT Master Program Paris d school Brighton s Interdisciplinary Design Program Aalto University and the Mission D program at Tongji University in China The book is dedicated to all those who recognize the need to provide stimuli regarding innovation and innovation leadership primarily but not exclusively in academia These include but are not limited to professors deans and provosts of academic institutions managers at private organizations and government policy makers in short anyone who is engaged in promoting innovation within their own organization and who feels the need to expand the intellectual and practical toolbox they use in this demanding and exciting endeavor

Open Innovation Anne-Laure Menton, 2016 Open Innovation A Multifaceted Perspective unveils research on open innovation from multidisciplinary perspectives and with practical insights from leaders and policy makers The first section addresses the links between open innovation and various disciplines methods concepts and policy instruments The second section reviews selectively the literature focusing essentially on open service innovation and innovation in financial services industries It also explores different forms and types of practices reflecting the adoption and implementation of open innovation The third section focuses on the management of open innovation paying specific attention to the individual intra and inter organizational levels Provided by publisher
