

3/4 GENERAL MATHEMATICS

Types of Data

Categorical Nominal - no order
Categorical Ordinal - have order
Numerical Discrete - how many?
Numerical Continuous - how much?

Data Displays

There are many forms of ways to display data. For categorical you can use...

- frequency table
- bar chart
- segmented bar chart

And for numerical data you can use...

- frequency table
- histogram
- dot plots
- stem and leaf plots

Log Scale

A **log scale** spreads out the countries with small populations and 'pulls in' the countries with huge populations.

If $\log_{10} x = 3$ then $10^3 = x$

A **logarithmic transformation** involves changing the scale on the horizontal axis from x to $\log_{10} x$, and replacing each of the data values with its logarithm.

Measures of centre and spread

Mean 'average' - sum of all data values divided by amount of values.

Median the middle value when placed in ascending order

Mode most occurring number

Range the largest number subtract the smallest number

IQR spread of middle half of data values
 Quartile 3 - quartile 1

5 number summary

The **five number summary** includes:

- minimum (smallest number)
- quartile 1 (median of lower half)
- median
- quartile 3 (median of upper half)
- maximum (largest number)

A **boxplot** displays this.

To find outliers...

UPPER FENCE: $Q3 + 1.5 \times IQR$

LOWER FENCE: $Q1 - 1.5 \times IQR$

Normal Distribution

Standard Deviation: how much members from a group differ from the mean value

Normal Distribution: data distribution with a bell shape 68-95-99.7% rule.

For a normal distribution, approximately:

- 68% of the observations lie within one standard deviation of the mean
- 95% of the observations lie within two standard deviations of the mean
- 99.7% of the observations lie within 3 standard deviations of the mean

Standard score = $\frac{\text{actual score} - \text{mean}}{\text{standard deviation}}$

Population

Population: set of all eligible members of a group which we intend to study
Sample: a subset of the population

Bivariate Data

When investigating the association between two variables the **explanatory variable (X)** is the variable we expect to explain or predict the value of the **response variable (Y)**.

Which graph to use with **Bivariate Data**
 X is categorical and Y is categorical

- segmented bar chart
- scatterplot

X is numerical and Y is categorical

- parallel box plot/chart plot
- best fit best stem plot

Scatterplot

Things to note when interpreting:

- **Direction** (positive/negative/none)
- **Outliers**
- **Form** (linear or non-linear)
- **Strength** (strong/moderate/weak)

CC & CoD

Correlation Coefficient: measures strength of linear relationship (r), value is between -1 (strong positive) and 1 (strong negative), 0 is no relation

Coefficient of determination: degree to which one variable can be predicted from another (linearly related variable, this is the squared value of r)

Causality

- **Common response** (sunscreen & tanning, hot weather, temperature)
- **Confounding variables** (ice-cream consumption, temperature)
- **Coincidence** (divorce rate & margarine consumption)

Regression Line

The **least squares line** is the line that minimises the sum of the squares of the residuals. It is given by:

$$y = a + bx$$

b (slope)

$$\frac{r \times \text{standard deviation of } y}{\text{standard deviation of } x}$$

a (y-intercept)

mean value of y - b × mean value of x
INTERPOLATION: Predicting within the range of values (reliable)

EXTRAPOLATION: Predicting outside range of values (unreliable)

RESIDUAL PLOT: residual value (actual data value - predicted data value)

Transformations

Time Series data

Patterns in this data include:

- **trends** (increase/decrease)
- **cycles** (recurring movements)
- **seasonality** (related to calendar)
- **structural change** (sudden change)
- **possible outliers** (stand out)
- **irregular fluctuations** (random)

SEASONAL INDEX

Can help to get rid of irregularities in data seasonally.

- mean smoothing (calculator)
- median smoothing (visual)

SEASONALISED

actual figure - deseasonalised figure = seasonal index

Using a **trend line** fitted to a time series plot to make predictions about future values is known as **trend line forecasting**.

Math 4 Summary Notes Introduction

In the digital age, access to information has become easier than ever before. The ability to download Math 4 Summary Notes has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Math 4 Summary Notes has opened up a world of possibilities. Downloading Math 4 Summary Notes provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Math 4 Summary Notes has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Math 4 Summary Notes. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Math 4 Summary Notes. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Math 4 Summary Notes, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Math 4 Summary Notes has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Math 4 Summary Notes Books

1. Where can I buy Math 4 Summary Notes books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Math 4 Summary Notes book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Math 4 Summary Notes books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Math 4 Summary Notes audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Math 4 Summary Notes books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
