◀ UNIT I – State, Sovereignty and Law

1. Nature and Function of a State and its relationship with Law

Introduction

The word 'state' has been derived from the Latin word 'status', which means 'standing' i.e., position of a person or a body of person. The state is the highest form of human association. Goodhart- "The purpose of State is to maintain peace and order within a particular society. Therefore, the most essential purpose of state is to make life possible."

Aristotle - "State is a union of families and villages having for its end, a perfect and self-sufficing life, by which we mean happy and honourable life".

Woodrow Wilson- "State denotes a set of people organized for law within a definite territory".

Oppenheim- "a State comes into existence when people are settled in a country under its own sovereign government".

Dallas- "a State is a body of free persons, united together for the common benefit to enjoy peaceably what is their own, and to do justice to others".

Origin & Evolution of the State
