Macao's Church of Saint Paul Cesar Guillen-Nuñez, 2009-01-01 Macao's Ruins of St Paul correct name Church of Madre de Deus is the only example of Baroque art and architecture in China This beautifully illustrated book explores anew the now vanished but once renowned Church as well as the Jesuit university college of which it was part Both Church and College were destroyed by fire in 1835 From the perspective of the history of art they have remained poorly explored The author remedies this by imaginatively reconstructing their ground plans architecture and decoration in the light of new information in original documents that he has found in archives and libraries in Europe and Macao In his re-creation of the buildings he illustrates and draws on the evidence of selected Jesuit buildings in Italy Portugal Spain and Portuguese India and considers the historical Counter Reformation environment that eventually led to the College of Madre de Deus in China The most recent art historical findings on the Mannerist and Baroque art of the Jesuits in Europe and Iberian colonies are also taken into account The author who first identified the surviving facade of the Church as a retablo facade an unusual type of Iberian and Latin American church facade resembling an altarpiece brings his argument to its logical conclusion by relating it to the Church's plan and decoration An extremely important aspect of the art promoted by the Jesuits centring on the cult of passive martyrdom is also candidly discussed This book will enable the general public to better appreciate the Ruins and provides much of interest and value to scholars students architects art museums and cultural organizations Publisher's website

The Silver Caesars Julia Siemon,2017-12-11 The twelve monumental silver gilt standing cups known as the Aldobrandini Tazze constitute perhaps the most enigmatic masterpiece of Renaissance European metalwork Topped with statuettes of the Twelve Caesars the tazze are decorated with

marvelously detailed scenes illustrating the lives of those ancient Roman rulers The work s origin is unknown and the ensemble was divided in the nineteenth century and widely dispersed greatly hampering study This volume inspired by a groundbreaking symposium at The Metropolitan Museum of Art examines topics ranging from the tazze s representation of the ancient world to their fate in the hands of nineteenth century collectors and presents newly discovered archival material and advanced scientific findings The distinguished essayists propose answers to critical questions that have long surrounded the set and shed light on the stature of Renaissance goldsmiths work as an art form establishing a new standard for the study of Renaissance silver *Encyclopedia of Pennsylvania Biography* ,1924 **Proceedings of the Church Missionary**

Frank Kennedy,2016-01-28 In recent years scholars in a range of disciplines have begun to re evaluate the history of the Society of Jesus Approaching the subject with new questions and methods they have reconsidered the importance of the Society in many sectors including those related to the sciences and the arts They have also looked at the Jesuits as emblematic of certain traits of early modern Europeans especially as those Europeans interacted with the Other in Asia and the Americas Originating in an international conference held at Boston College in 1997 the thirty five essays here reflect this new historiographical trend Focusing on the Old Society the Society before its suppression in 1773 by papal edict they examine the worldwide Jesuit undertaking in such fields as music art architecture devotional writing mathematics physics astronomy natural history public performance and education and they give special attention to the Jesuits interaction with non European cultures in North and South America China India and the Philippines A picture emerges not only of the individual Jesuit who might be missionary diplomat architect and playwright over the course of his life in the Society but also of the immense and many faceted Jesuit enterprise as forming a kind of cultural ecosystem The Jesuits of the Old Society liked to think they had a way of proceeding special to themselves The question Was there a Jesuit style a Jesuit corporate culture is the thread that runs through this interdisciplinary collection of studies **The Cambridge University Calendar** University of Cambridge,1907 *General Almanack and Register* University of Cambridge,1860 **Calendar of Dalhousie College and University** Dalhousie University,1907 [Sigma Nu fraternity delta](#) ,1907 **Bible records and marriage bonds** ,1933
